Minister di Estado Donner ta ricibi Mike Eman na Vredespaleis

Dia 1 di november a habri cu un encuentro di e Lider di AVP, mr. Mike Eman acesora p'e consehero di fraccion, Wendrick Cicilia, cu un estadista grandi di Hulanda, mr. Piet Hein Donner den Vredespaleis na Den Haag. Jan Pieter Hendrik (Piet Hein) Donner ta un hurista Hulandes cu trayectoria distingui y reconoci den Reino Hulandes. Actualmente e ta Minister di Estado pa Hulanda.

Donner tabata Minister di Asuntonan di Reino durante e periodo cu Mike Eman tabata Minister President di Aruba y tabata carga e cartera tambe di diferente otro Ministerio den diferente Gabinete Balkenende y Rutte. Na 2011 Donner a bira Vice-Presidente di Raad van State y despues a wordo honra cu e nombramento special di su persona como Minister van Staat. E ta un di e exper-tonan constitucional di mas respeta na Hulanda.

E dialogo entre mr. Mike Eman y mr. Piet Hein Donner a tuma luga den un contexto historico den e prestigioso Vredespaleis cu un mensahe importante: e buskeda di un avenida di paz y tranquilidad den e relacionnan den

Reino. Den esaki Eman y Donner a yega di marca historia caba. Tempo cu Donner tabata Minister di Relacionnan den Reino e a firma na 2011 un acuerdo di cooperacion strategico cu Prome Minister mr. Mike Eman delineando un cooperacion di mutuo beneficio entre Aruba y Hulanda. Aruba su delantero den Reino tabata e modelo pa un estilo di cooperacion nobo cu Hulanda: un concepto di win-win. E cooperacion strategico aki a duna Prome Minister Mike Eman e tempo ey e base pa trece hopi instituto di Hulanda na Aruba: regreso di KLM, fortificacion relacion strategico cu Schiphol, TNO, Rietveld Academie, Port Amsterdam y Port Rotterdam, Scheepvaartschool Rotterdam, Phillips, Cooperacion cu TU Delft. Pioneronan grandi di innovacion di Hulanda di renombre mundial a bira amigo di Aruba manera Wubbo Ockels y Daan Roosegaarde.

Den un kamerbrief dirigi na Tweede Kamer fecha 15 december 2011 Donner a informa Tweede Kamer di e acuerdo historico cu Aruba:

“Op 27 oktober 2011 heb ik een samenwerkingsprotocol ondertekend met minister-president Eman van Aruba. Dit brede samenwerkingsprotocol beoogt vorm te geven aan een strategisch

partnerschap tussen beide landen. De achterliggende gedachte is dat door samenwerking op basis van wederzijdse belangen en eigen verantwoordelijkheid een win-win situatie ontstaat voor beide landen en voor het Koninkrijk als geheel”.

Donner a remarca tambe cu durante su bishita cerca Minister President Mike Eman e tempo ey na Aruba e mes por a nota e entusiasmo cu cual Aruba tabata traha riba e relacionnan den Reino.

“Tijdens mijn meest recente verblijf op Aruba heb ik gemerkt dat Aruba enthousiast is over de nieuwe samenwerking en de sterke wil heeft hier werk van te maken. De gelijktijdige opening van een lokale vestiging van het Nederlandse onderzoekscentrum TNO en de samenwerking met de Gasunie mogen overigens dienen als positief voorbeeld van een samenwerking zoals bedoeld in het ondertekende protocol.”

Donner a terminas su carta na Tweede Kamer e tempo ey cu e remarcnan aki di su experiencia cu Aruba den tempo di Prome Minister Mike Eman: *“Een nieuwe toekomst wordt niet in een paar maanden gebouwd, zeker niet als daar meerdere partijen bij betrokken zijn. Toch is het mooi om te zien dat waar partijen dat willen, er snel concrete resultaten geboekt kunnen worden, zoals in het geval van Aruba. Dat belooft veel voor de toekomst”.*

E base di confianza mutuo aki entre Donner y Eman y exitonan conhunto den pasado a forma e base pa e combersacion sostene awe den Vredespaleis caminda mr. Mike Eman a presenta algun nota cu pensamiento con por bay enfoca riba e “bigger picture” y pone atencion riba e aspectonan social economico y e bon comun di e pueblo di Aruba pa sali for di e situacion actual.

Eman no por a haya un miho persona cu Donner pa inicia e contactonan na Hulanda pa pulsa e caminda di apertura pa pone Aruba bek riba e trayecto di un cooperacion strategico entre Aruba y Hulanda.

Eerste Kamer lo trata mocion otro siman

Pa elimina “boeterente” contra Aruba pa logra concesion politico

Dos miembro di Eerste Kamer na Hulanda, ayera a cuestiona e forma di trata gobierno di Aruba pa loke ta e asina yama “boeterente” cu gobierno demisionario a impone tanto riba gobi-erno di Aruba y esun di Corsou.

“Een stap in de verkeerde richting. Ik vind dat teleurstellend,” tabata declaracion di e miembro di Eerste Kamer, Eddy Hartog di e fraccion di VOLT durante di un reunion ayera mainta y el a ricibi sosten di Ferd Crone di e fraccion di GL/PvdA cu tambe a haya cu e forma di procede aki, no ta bon. “Waarom moet dit zo strak,” sr Hartog a puntra na varios ocasion y tambe a puntra lo siguiente: “Hoeveel winst de schatkist zal maken op de leningen als Curacao en Aruba ze keurig terugbetalen?”

Sinembargo Secretario di Estado Van Rij no kier a menciona un cifra den e caso aki pero ambos miembro di Eerste Kamer ta haya cu gobierno demisionario di Mark Rutte, ta castigando Aruba y Corsou cu “boeterente” aki cual no ta cuadra den Reino Hulandes.

Pa e motibo aki e dos senadornan aki a dicidi di entrega un mocion den cual ta pidi gobierno pa presenta un “constructieve opstel-ling” pa tanto Aruba, Corsou y Sint Maarten pa loke ta e ‘coro-nalening’ cu e paisnan aki a ricibi for di Hulanda.

Diamars otro siman lo atende cu e mocion aki entrega y caminda esaki lo wordo presenta pa votacion den e sesion di Eerste Kamer di otro siman pero ya ta conoci cu e mocion aki lo no conta cu sosten di fraccion di PVV y FvD cu ta haya gobierno no mester a

refinancia e prestamo aki.

E mocion cu a wordo presenta pa e dos fraccionnan di VOLT y GL/PvdA ta lo siguiente:

“De Kamer gehoord de beraadslaging, constaterende dat Kamers onlangs een incidentele suppletoire begroting voor Koninkrijksrelaties hebben goedgekeurd; hiermee de mogeli-jkheid is geboden een aantal leningen voor Curacao, Aruba en Sint Maarten te herfinancieren; aan Aruba een rente wordt aange-boden die boven de Nederlandse herfinancieringsrente ligt; over-wegende dat in de begrotingsregels is beschreven dat bepaalde niet-belastingontvangsten, zoals boetes, binnen het uitgaven-kader vallen; de Nederlandse regering met de verhoogde rente bepaalde politieke concessies bij de ontvangende landen van het Koninkrijk wil afdwingen, verzoekt de regering om te kiezen voor constructievere manieren om goed financieel beheer binnen het Koninkrijk te bewerkstelligen, die niet tot beperking van de finan-ciele ruimte voor de ontvangende landen leiden, via uitgaven dan wel de inkomstenkant, en gaat over tot de orde van de dag.”

PRESION

Pues den Eerste Kamer tambe a bin sali na cla awor cu e forma di procede di Gobierno Hulandes pa loke ta e forma di trata gobi-erno di Aruba, ta uno cu cuadra c’un tipo di chantahe mirando cu kier forsa gobierno di Aruba pa haci concesionnan politico manera impone e ley di RAft, dor di pone un interes cu mas bien nan ta considera un castigo di interes pa logra esaki.

Caso ‘ontneming’ contra Paul Croes otro siman den Corte

Ministerio Publico den e caso di “ontneming,” esta expro-piacion di cierto suma di Paul Croes, ta exige un multa di 183.000 florin cu ex Minister Paul Croes lo mester paga bek of sinta 1 año mas di prizon. E suma aki ta consisti di 55.000 florin cu Paul Croes lo a uza di su ‘Stichting Politico Leadership & Excellence’ pa gastonan personal den un peri-odo di 4 año. E otro parti di 128.000 lo ta un suma cu famia Croes no por a declara como entrada legitimo den e periodo di Januari 2014 pa Maart 2017.

Aunke defensa di Croes a declara e sumanan aki completo, Huesnan a haya cu e pruebanan a wordo entrega laat den Corte y asina no por a tuma nan mas como prueba pa declara e suma aki. Corte di Apelacion (HOF) lo trata e caso diamars 7 di November 2023. Aunke por bisa cu e suma no ta igual na otro casonan caminda ta papia di miyones, por bisa cu toch ta trata di un suma cuantioso pero segun Ministerio

Publico defensa di Paul Croes no a logra entrega e prue-banan na tempo den Corte.

Pa tal motibo no por a prueba cu e fondonan aki ta legal. Mr. Desiree Croes lo ta encarga cu e defensa pa Ex Minister di Labor y Asuntonan Social drs. Paul Croes y abogado Croes lo muestra riba e hecho cu actualmente Paul Croes ta sintando un castigo di 3 año di prizon, cual ta haci hopi dificil pa su persona paga e suma aki bek.

Caso IBIS ya caba ta bayendo pa su di 7 año y ainda no a yega su fin y Paul Croes a keda condena na 3 año di prizon y ta actualmente den KIA.

Ta interesante pa compara e hecho cu ta bisa cu Paul Croes lo a comete desfalco di su mes un Stichting ya cu ta fondonan cu e propio politico ta busca den comercio como donacion pa e Stichting, ta deposita den e fundacion y despues uza un parti pa cosnan personal. E suma di 55.000 florin den 4 año, esaki no ta fondo di pueblo, fondo di Parlamento of di Aruba Huis.

ANALISIS

Otro siman un biaha mas balansa di Husticia lo crea duda den su mes

E sistema hudicial aki na Aruba, ta sali for di un situacion dudoso y drenta un otro ya cu lo bay trata e caso di “ontneming” contra di ex Minister Paul Croes y pa loke a sosode e siman aki, por spera cu e concepto general di husticia aki na Aruba na e momentonan aki, lo wordo ainda mas cuestiona. E siman aki Ministerio Publico a sorprende tur hende na momento cu a dicidi di yega na un acuerdo cu sr Hans Geerman kende ta un sospechoso den e caso Flamingo caminda Otmar Oduber ta e sospechoso principal.

Segun un comunicado emiti pa e propio Ministerio Publico, ta ser musta entre otro: “Ministerio Publico a cera un acuerdo di transaccion den e caso Flamingo cu e sospechoso Hans J.P. Geerman pa un suma di Afl. 125.280,13.”

Awor cu a yega na un acuerdo no ta algo malo, ya si e ta cuadra den e sistema legal, e por pasa

pero e conclusionnan cu Ministerio Publico a duna den e caso di Hans Geerman, ta simplemente un muestra di un sistema hudicial cu ta totalmente for di balans.

Ministerio Publico:

“Ministerio Publico ta di opinion cu dor di esey Geerman a haci su mes culpabel na estafa y corrupcion. E suma di transaccion ta consisti di pago di un suma di placa di en total Afl. 125.280,13. A yega na e suma aki dor di conta e boet di Afl. 5000,- plus henter e suma cu Geerman a ricibi inhustamente di pais Aruba, esta, Afl. 120.280,13.

Considerando tur hecho y circunstancia, incluso e hecho cu no tin victimanan of partinan perhudica di kendenan nan interesnan a wordo perhudica di algun forma of otro dor di realiza e transaccion aki, Ministerio Publico ta considera cu e transaccion menciona ta un acuerdo apropia pa Geerman.”

Claramente Ministerio Publico a musta den su comunicado cu sr Geerman a horta mustrandu den su comunicado: “Geerman ta wordo sospecha di a estafa pais Aruba” pero na mes momento ta contradeci tur loke e sistema hudicial tin cu haci, esta di trata tur hende igual.

Si Geerman no paga e “gesto” aki di Ministerio Publico, e lo wordo persigui caminda e lo tin cu aparece dilanti Hues pa para responsabel pa motibo cu el “a estafa pais Aruba,” palabranan di OM.

Pero “potverdomme” otro siman Paul Croes tin cu aparece dilanti Hues den un caso di “ontneming” caminda Ministerio Publico a stipula un multa di 183 mil florin y si e no paga esaki, e lo tin cu sinta 1 año adicional den prizon.

E parti interesante di e asunto aki ta e hecho cu mientras Hans Geerman ta wordo acusa pa Ministerio Publico di a “horta” pais Aruba, Paul Croes segun acusacion di Ministerio Publico, a uza un suma di 55 mil florin cu e lo a uza di SU fundacion cu ta carga e nomber di ‘Stichting Politico Leadership & Excelence” riba un periodo di cuater año.

Un fundacion cu a wordo lanta pa yuda campaña di Paul Croes y mescos cu den e caso di Benny Sevinger, e mesun Ministerio Publico aki tin e tribilidad di bin dilanti y cuestiona e hecho cu nan a uza fondo di un fundacion cu a ser crea pa nan uza.

Hans Geerman Ministerio Publico ta bisa cu el a “estafa” placa di pais Aruba pero e si por yega na un acuerdo sin mas y evita di bay prizon.

Prome Minister a reuni cu Eerste Kamer y comision di relacion di Reino

Diaranson mainta, Prome Minister Evelyn Wever-Croes a reuni cu miembran di Eerste Kamer y comision di relacion di Reino. Mirando e importancia pa miembran di Eerste Kamer, cu ta esnan cu tin cu tuma decisionnan riba cierto casonan pa Aruba, tin e informacionnan corecto, Prome Minister a pidi un reunion y a wordo otorga esaki.

Durante e reunion, Premier Wever-Croes a haci un presentacion riba con Aruba ta recuperando economicamente. El a papia riba turismo cu ta creciendo, riba desempleo cu ta bahando, y riba e tema financiero, indicando cu Gobierno ta cumpliendo cu e normanan di surplus awor, pa otro aña, y mas añanan nos dilanti. Di nan banda tabata tin hopi pregunta, y tur a wordo contesta.

Prome Minister a expresa di ta sumamente contento di tende con e miembran di e comision di Reino, y e presidente Paul Rosenmöller a elogia Aruba. Tambe nan a haci hopi pregunta riba diversificacion di economia, y kico Aruba ta haciendo pa esaki, riba e plannan pa elimina burocracia, riba e relacion entre Aruba, Corsou y Sint Maarten, riba desempleo, y tambe riba e negociacionnan cu tin andando entre Aruba y Hulanda. Un pregunta hopi importante cu nan a haci, ta dicen Hulanda ta exige un Rijkswet. Aki ta unda Prome Minister a splica nan, cu esaki no ta algo di awor, sino manera ta wordo bisa na Den Haag ainda, cu ta desde 2015, tempo cu ex Prome Minister Mike Eman a bay den welga di hamber pa motibo di un aanwijzing. Pero el a sigura nan cu aunke cu e problema aki no ta di e Gabinete actual, ta Aruba, y Gabinete Wever-Croes lo traha na busca un solucion pa cu esaki den miho interes di e pueblo.

Aruba tambe a haya hopi elogio y interes, di nan pa con Gobierno ta haciendo e reformanan, con ta atendiendo cu esnan di menos recurso, y tambe pa e esfuersonan pa cu enseñansa. Fraccion di PVV a haci un pregunta riba e tema di loonsubsidie, y kico Gobierno ta haciendo pa cobra bek esnan cu a haya esaki in hustamente. Prome Minister a splica nan cu e esfuerso ta sigui pa cobra esnan cu a abusa di e sistema.

“Mi ta sumamente gradicido cu nan a duna mi e oportunidad pa duna nan tur e informacionnan necesario, cu por facilita nan na momento di tuma decisionnan cu ta regarda pais Aruba. Tambe mi ta contento di por a delibera cu profesor Nicolai, cu ta parti di e comision, riba topiconan importante manera e aspecto constitucional, LAft, y e rijkswet. Aruba a haya hopi elogio, cu ta duna mi un sentimento di satisfaccion pa sa cu tur nos esfuersonan ta wordo aprecia y admira. Nos como Gobierno actual, lo sigui bringa pa mira e progreso y bienestar den tur hogar na Aruba” Prome Minister a expresa.

Caso Casacion relaciona matrimonio di mesun sexo otro siman

Otro siman diabierna dia 10 di November, Corte di Casacion na Den Haag, lo trata e caso caminda tanto gobierno di Aruba como esun di Corsou, a solicita pa loke ta e ley cu ta permiti matrimonio di hendenan di mesun sexo.

Riba e dia aki, Corte di Casacion lo atende e peticion di dos gobiernonan menciona cu a wordo entabla contra di e decision tuma pa Corte Comun di Husticia, den cual a keda determina cu e dos islanan aki, ta obliga di permiti parehanan di mesun sexo, pa drenta enlace matrimonial y asina adkiri derecho igual cu tur otro pareha.

Dia 10 di November tratamiento di e caso aki lo tuma lugar caminda abogadonan cu ta representa gobiernonan di Aruba y Corsou, lo presenta nan 'pleidooi' relaciona cu e tema menciona.

Documentonan entrega den e proceso di apelacion ta muestra cu tanto gobierno di Aruba como esun di Corsou ta considera cu Corte Superior den su criteria, a sali for di su circulo di mantencion di derechonan y no a duna suficiente

atencion na loke ta relacionnan constitucional.

En realidad e posicion di Aruba y Corsou tin mas di haber cu tin cu duna oido na gruponan conservativo cu ta bin for di e sector religioso.

E caso den Corte relaciona cu matrimonio di hendenan di mesun sexo, a inicia dor de organizacion 'Human Rights Caribbean Foundation' y Fundacion Orguyo Aruba y e caso di otro siman por wordo sigui via di 'livestream' riba e website di Corte di Casacion cuminsando pa 1.30 di merdia orario Hulandes, loke ta nifica cu e caso lo por ser mira pa 8.30 di diabierna otro siman.

Diasabra venidero 4 di November, Fundacion Orguyo Aruba ta organisa un caminata cu lo carga e nomber di 'Diversity Walk' cual ta un evento pa demostra amor y aceptacion pa amigo, famia, colega y cual actividad lo tin como meta di haci e fundacion mas visibel den comunidad.

Ta haci un apelacion riba comunidad pa bin cana hunto y muestra solidaridad pa cu diversidad den comunidad di Aruba y evento ta contando cu hopi interes caba.

Minister Dangui Oduber

Pa prome biaha den historia a diseña un modelo basa riba un ‘meerjaren raming’ di gastonan di AZV

Na juli di e aña aki a cera un acuerdo den sector di cuida unda a subraya e necesidad y importancia di un “meerjaren financieel kader” pa mantene e fondo di AZV uno sostenibel.

Ayera AZV a presenta e plan aki n’e zorgveld. E presentacion tawata pa informa con a yega na e meerjaren financieel kader. Uitvoerings Orgaan AZV a indica cu danki na diferente profesionalnan den AZV, como tambe profesionalnan externo cu a traha na esaki. E proyecto aki a wordo monitoria dor di entre otro profesor Jeurissen, cual ta un “Zorg Econoom” di Hulanda. E meerjaren financieel kader ta un modelo cu ta pronostica e costonan di cuida, cual ta tuma na cuenta mas cu un total di 2,500 punto di atencion na momento cu ta calcula e entrada y gastonan di cuida.

Danki n’e modelo aki cuida di Aruba lo por wordo planea na un miho manera y asina por ehecuta e vision di Minister Oduber y UOAZV pa fortalece e cuida na Aruba y mantene un bon calidad di cuida pa e pueblo actual y nos futuro generacion.

Otro meta di e “meerjaren financieel kader” aki ta pa reemplaza e cortamento di 60 miyon manera cu a wordo stipula dor di Hulanda. Un cortamento di un suma cual Hulanda nunca a argumenta di unda nan yega na dje. Mester bisa tambe cu Aruba nunca tabata di acuerdo cu e cortamento aki.

Minister Dangui Oduber ta sumamente orguyoso di e “meerjaren financieel kader” cual ta algo historico pa Aruba y lo profesionalisa e manera di financia di cuida na Aruba.

DI TODO UN POCO PA REFLEXIONA

Dia 31 ultimo, tabata dia cu ta celebra Dia di Bruha (Halloween), y ata un di tanto spiritonan a sali mira luz di dia. Ta trata aki di Hans Geerman, kende a haya trabao di Gabinete Evelyn Wever Croes, pa pago di 5000 florin pa luna pa un periodo di dos aña y awor cu OM ta sigui cu su investigacion den Caso Flamingo, ata e berdad di loke Marisol Lopez Tromp a bin ta denuncia, ta sali na cla. Ta cuanto trahador spirito mas ta trahando (sin presenta na trabao), pero si ta cobra. Relaciona cu esaki Marisol Lopez Tromp a bolbe traha un documental, pa muestra cu ainda tin mas trahado spirito y mayoria ta den Cocolishi.

Loke ta acto di corrupcion, anto fraudulento, etc. di e Gobierno di Evelyn Wever Croes'

Pero no ta Hans Geerman ta un trahado spirito. Tin varios mas, sigur un grupo di periodista Gobierno tin riba su payroll. Mayoria ta of tabata den servicio di Top FM. Hasta tin un di nan cera pa su actonan di pedofilia. Nan tambe lo haya oportunidad di yega na un areglo cu OM? Pa evita cu nan tin cu bay Corte pa basha abao.

Asabiendas di e hecho castigabel aki, ata OM ta dicidi di duna oportunidad di por paga bek e "ladronicia" di dia cla aki. Pakico e trato aki? Ministerio Publico mester bin dilanti y splica esaki. E no ta refleha nada positivo cu awor Aruba tin un yiu di tera nombra como PG. E mesun trato aki a ser duna tambe na Guilfred Besarill, ex Minister Plenipotenciario, kende tambe a "mafia" placa di pueblo. E tambe a haya oportunidad di por paga bek.

Dicon Allan Howell no a haya mes oportunidad? Allan Howell cu a saca placa for di fundacion di su Partido, pa trabao cu mester ser haci. E placa cu Howell a saca ta menos cu loke cu Hans Geerman a horta for di caha di pueblo. Pakico no a ofrece mesun trato na Paul Croes y Benny Sevinger, kendenan a saca placa for di nan propio fundacion y ta wordo castiga? Aruba tin husticia cu clase?

Un biaha mas a keda demostra cu Gobierno di Reino Hulandes no ta confia Prome Minister di Aruba, Evelyn Wever Croes. Kende un biaha mas ta bula bay Hulanda, sin notifica Parlamento di Aruba, ni informa Secretario di Estado, Alexandra van Heuvelen, cu kende el a topa un rato na Aeropuerto di Aruba, ora cu esaki tabata di transito pa Bonaire. EWC kier a participa na e reunion di Consejo di Minister di Reino, pa por splica mas bien su punto di bista riba e cambio cu e kier den LAFT. Consejo di Minister di Reino a tende y a bise cu lo pasa tur informacion pa van Heuvelen unabes bek na Aruba.

EWC a haya un baño di awa friu "letterlijk en figuurlijk", manera a ser señala p'e gremio di prensa Hulanda. EWC a kere di por cana yega den dicho reunion, y spera di haya contesta. El a ser manda bek Aruba cu huiswerk pa haci, cu mester keda cla den 6 siman. De lo contrario ni fu, ni fa.

Ata EWC a dicidi di keda algun dia mas Hulanda, pa sigui Anegocia e pago di e Loonsubsidie haya y placa di FASE, pero tambe pa wak con por tin cu paga menos % di interes. E lo topa cu Mike Eman na Hulanda? Historia lo ripiti dia cu Nel Oduber a topa cu Henny Eman pa wak si nan lo por a traha hunto? Henny Eman a sa di schaakmat Nel Oduber, te cu el a baha su propio Gobierno.

Ata porfin Corte di Husticia a yega na un veredicto den e caso di Aruba Bank vs Otmar Oduber. Aruba Bank a haya rason, cu nan no mester habri cuenta bancario p'e ex Minister aki. El a bay tur banco caba, loke lo nifica cu awor Otmar Oduber no ta ked'e nada otro di laba placa of lo tin cu declar'e bancarota. Despues di 2 aña, e veredicto aki ta cla. Y ta den mesun veredicto aki, a sali na cla un cantidad di caso, manera esun di e Trahadonan Spirito cu tin den Gabinete Wever Croes. Loke a hala atencion den e caso aki, cu Otmar Oduber ta perde un caso, pero sin ainda a ser husga den caso Flamingo. Kiermen Corte ta husgue, >>>

sin ainda a trata e caso di Otmar Oduber, pa sa si e ta culpabel of no. Por conclui cu pa dia e caso Flamingo ser trata, Otmar Oduber ya ta culpabel den un cantidad di cos, sin a haya un huicio husto, manera e ta un criminal grandi.

Cu e veredicto aki, manera menciona, Chamas Otmar Oduber por haci negoshi mas na Aruba. Anto con e lo por cria su famia? No ta keda nos nada otro di bisa cu na Aruba tin husticia di clase, si mira e condena cu Oduber a haya aki. Sigur e no por participa mes na ningun eleccion venidero, manera el a anuncia di bin cu su Partido nobo. Si Otmar Oduber mester basha abao, anto mas Minister actual tin cu responde pa nan actonan, di e.o. uza fondo di pueblo, pa haci nan actonan (criminal). Otmar lo basha abao?

Despues cu Hulanda a duna Aruba un boet di castigo, cobrando un boet cu 6.1% di interes, Aruba a bisa Hulanda tambe cu nos ta buscando manera pa nos baha e interes. Tin dos trayecto andando, uno cu nos mes ta riba mercado internacional buscando interes mas abou y e di dos ta hunto cu Hulanda e trayecto pa yega na un Rijkswet caminda cu nan a priminti cu e ora ta baha e interes na 5.1% y of despues di dos aña na 3.4%. E trayecto ey tambe ta andando.

Ta tumando su tempo si, e ta andando, nos ta trahando riba un tipo di hybride oplossing. Den e siguiente simannan nos mester ta mas concreto riba esey". Ta sospecha e cos aki amigo. Aruba no mester permiso pa subi mercado manera St. Maarten y Corsou. Cuidao Aruba haya un lening di 919 miyon paga Hulanda completo cera nan snuit.

Aruba lo no permiti un Rijkswet pa kibra Aruba su Status Aparte, su libertad financiero. Tempo lo demostra kico ta kico. Si mira algun conclusion di ultimo Tripartite na St. Maarten, unda nos Shaliny Tromp-Lee a boga pa Aruba forma un union mas estrecho cu Corsou y cu St. Maarten, t'ey Hulanda kier

haya nos, kibra nos Status Aparte y forma un Man-Comunidad di Reino Hulandes, estilo Britanico.

Pasashinan di KLM y posiblemente di otro companianan cu ta bula pa West, lo conoce aumento drastico proximamente. Manera publica esaki ta consecuencia di "een stapeling van vlieg- en milieubelastingen", combina cu inkrimping di Aeropuerto Schiphol. Asina e Presidente-Directeur Marjan Rintel di KLM a duna di conoce.

FIFA lo a aproba e tereno nobo di Stadion Guillermo Trinidad, pero no a duna su aprobacion n'e reconstruccion di e stadion mes. Pa colmo e compania di construccion a para e trabao, pa falta di pago. Kende ta responsabel p'esaki? ASU, cu ta doño di e stadion, of FFD, cu ta di Lotto of pais Aruba mes. Asina mes a dicidi di efectua algun wega, y despues di cada wega no tin hende pa haci e stadion limpi. Rarara, ta na Aruba so e cosnan aki ta pasa.

Team Dnor sensacionalmente ta “edge” Red Stone!

Shonnan, diasabra anochi 28 di october ultimo, esnan cu no tabata tin nan pilder di nervio a pasa malay y momentonan di temblitis pio cu yuwana cu nan a dal cu piedra di stichi! Un berdadero sambombaso legendario a tuma luga den e bataya epico dje anochi ey entre e legendario Team Snor y e temerario guereronan dje barancanan grandi, esta Team Red Stone di Ayo. Fundeshi di Domino Square Garden a keda tembla so bou dje gritonan Arawak dje ‘cheer-

leader’-nan di Ayo ora nan a cuminsa apoya nan eki-po den un impulso impresionante pa den tempo record yega un bentaha di nada menos di 9-3! Kico por ta pasando aki nan? E rumornan cu Red Stone ta manda seña via wifi por ta berdad? Un bista riba e cara preocupa di capitan Magda di Team Snor ta indica berdad cu e situacion ta preocupante. Nos di redaccion di biaha a pone nos camaranan di sistema AI “scan” cara di tur participante di Red Stone, y mes ora nos a intercepta mirada fiho di un integrante notorio di Red Stone, conoci como un legendario “tricky man”, ta wak intensamente direccion di su patna! Señal? Nos sistema AI di biaha a decodifica e programa cerebral y print esaki riba potret ‘hard copy’! Shonnan, e imagen ta papia pa su mes! Mientras tanto den background, bou presion, capitan Magda ta saca pen cu papel y ta cuminsa haci calculonan misterioso y duna ordennan na su ayudante, y den no time cos ta cuminsa balansa y Team Snor ta drenta halftime cu score di 9-11. Un corte di bentaha substancial! Di dos tempo ta bira un berdadero ‘nerve wrecker’ manera e Mericanonan ta bisa. Bou gritonan historico y apasiona dje cheerleadernan Arawak, e guereronan di Ayo ta hiba un bataya desespera pa stop e avance di Team Snor! Capitan Magda, c’un calma casi stoico, ta duna instruccion tras di instruccion, ta schuif hungado di un mesa p’e otro, y sensacionalmente ta tabla wega na 14-14! E bataya ta na un nivel di adrenalina y tension cu no por wanta mas ora ta sigui mano a mano empata na 18-18! Sensacionalmente, bou gritonan Arawak di desesperacion, Team Snor ta pika dilanti na 20-18! E volumen di zonido dje gang di Arawak ta bula tur nivel di decibel ora espectacularmente Red Stone empata na 20-20! Y, despues di un momento largo di silencio di corta rosea ... e grito di alivio ta cay ... “SNOOOOR”!

Team Snor, n’un manera impresionante, ta “edge” Red Stone p’un punta di nanishi n’e finish line cu score di 21-20! Kico a pasa aki? Con por ta? Den secreto, capitan Magda c’un gesto secreto ta duna claridad n’e misterio ora n’un forma scondi e ta muestra nos un aparato chikito c’un luz berde ta cende paga. Un aparato estilo James Bond pa stroba señal di wifi ... shonnan, aki ta “case closed”!

Dama herida despues cu e la cay for di auto

Diaranson merdia polis y ambulance a bay altura di Top FM, unda cu informacion a drenta cu a auto a dal un persona femenino.

Na yegada polis a topa cu un truck pickup y un dama ariba suela. A bin resulta cu e dama lo a cay for di e vehiculo. Parce cu e porta di e auto pa un of otro a habri den careda unda cu e dama a cay y resulta herida. Polis di trafico tambe a presenta pa tuma dato nan.

Paramediconan cu a yega e sitio a atende cu e dama y a haya necesario salu cu ne pa Hospital.

Huma saliendo for di dak di cas a pone Brandweer mobilisa pa Gasparito

Diaranson algo prome cu 11'or di mainta, un bisiña atento ripara cu huma tabata saliendo for di dak di e cas banda di dje. Mesora e la bati alarma, hopi lihe un truck di brandweer a yega na e sitio. Y e personal di brandweer a bin topa cu un waya di coriente na halto cu tabata sacando huma y chispa. Aparentemente awa di yobida lo a muha un waya y esaki a cuminsa saca huma. Si e no a wordo atendi e consecuencianan lo por tawata grandi

Mucho cos brandweer no por a haci, nan no por mishi cu e waya y a pidi pa presencia di Elmar. Polis tambe a presenta na e sitio pa tuma nota di supuesto candela. Famia(nan) a yega pa asina atende cu e locual tawata pasando.

Jeep Wrangler a perde control pazuid di rotonde di Palm Beach

Diaranson merdia algo prome cu 12'or polis a bay pazuid di e rotonde nobo di Palm Beach. Eynan un Jeep Wrangler color cora a perde control baha caminda y drenta den e awa cu lodo pariba di caminda. Pues e Jeep a bira completamente y para cara panort. Niun hende a resulta herida.

Polis na e sitio a papia cu esnan den e auto y nan lo tawata warda ariba seguro y takelwagen pa yuda ranca e auto mirando cu e la bay pega den e lodo.

Shete empleado di Schiphol deteni den operacion internacional di contrabando di droga

Den un echo significativo, shete empleado di Schiphol a wordo deteni relaciona cu un plan internacional di contrabando di droga cu a opera a traves di e aeropuerto. Koninklijke Marechaussee, polis, militar Hulandes responsabel di e seguridad di aeropuerto, a efectua e detencionnan, despues di a descubri di mandamento di 'hard drugs' na Asia na principio di e aña aki, segun cu a revela diaranson.

A descubri e contrabando den cargamento di avion cu tabata sali for di e aeropuerto Schiphol. Cada cargamento tabata pisa decenas di kilogram, loke ta subraya e magnitud di e operacion. Despues, Marechaussee a cuminsa cu un investigacion profundo cu conduci finalmente n'e detencion di shete persona sospechoso di ta involvi den e proceso di contrabando.

Ta kere cu e sospechosonan tabata fungi diferente funcion den e red delictivo, entre nan transporta e droga pa aeropuerto y facilita su ubicacion den e bodeganan di carga di e avionnan. Fuera di esey, e investigacion ta andando, cu e posibilidad cu lo tin mas detencion mientras cu autoridad ta

profundisa den e red complejo di narcotrafico.

E incidente aki ta lanta preocupacion riba seguridad y e supervision den un di e aeroportonan mas transita di Europa y ta pone di relieve e retonan na esunnan cu ta confronta e forsan di orden na ora di tuma rienda di e operacionnan internacional di contrabando di droga. E colaboracion entre e autoridadnan Hulandes y internacional ta crucial pa para e tipo di actividad ilegal aki y mantene seguridad y integridad di transporte aereo mundial.

Merca lo expulsa Gabon, Niger, Uganda y Republica Centroafricano for di e programa comercial AGOA

Den un reciente anuncio, e presidente di Merca, Joe Biden, a declara su intencion di pone un fin n'e participacion di Gabon, Niger, Uganda y e Republica Centroafricano den e programa comercial di e Ley di Crecemento y Oportunidad pa Africa (AGOA). E decision aki a tuma luga como contesta na loke Biden a describi como "violacion grave" di e derechonan humano internacionalmente reconoci di parti di e Republica Centroafricano y Uganda. Fuera di esey, a cita Niger y Gabon pa no a establece of realisa progreso continuo p'e proteccion di pluralismo politico y e estado di derecho.

E paro di e condicion di beneficiario di AGOA di e paisnan aki lo drenta na vigor dia prome di januari 2024. No obstante, presidente Biden a señala cu e evaluacionnan den marcha lo determina si por cumpli cu e rekisitonan di eleccion di e programa den futuro.

AGOA, estableci na aña 2000, a bin ta decisivo pa concede acceso liber di tarifa riba mercado Mericano n'e paisnan Africano cu ta cumpli cu e rekisitonan. Ta premira cu e ta vence pa september 2025, pero ya a cuminsa cu combersacion riba e posibilidad pa prolonga e programa y su duracion.

E gobierno y e gruponan industrial Africano ta boga pa un prolongacion lihe di 10 aña sin cambio pa duna garantia na empresa y posibel inversion preocupa p'e futuro di AGOA.

E decision aki ta ilustra un avance significativo den e relacionnan comercial entre Merca y Africa y por influencia den e economia di e nacionnan Africano afecta, como tambe den e futuro combersacionnan comercial entre Merca y Africa.

Parlamentario mr. drs. Mervin Wyatt-Ras:

Caso lamentabel di hoben ta ilustra e fayonan grandi den husticia y asunto social

Durante e conferencia di prensa semanal di Partido di Pueblo Arubano (AVP), parlamentario mr. drs. Mervin Wyatt-Ras a cuminsa na extende su palabra di condolencia na famia di e hoben cu algun dia atras a tuma su bida mientras cu e tabata den un cel di warda di polis, indicando cu ta un echo hopi lamentabel tanto pa e famia, como pa e profesionalnan cu ta atende cu e caso.

Cu tur respet y sensibilidad cu esaki merece, Wyatt-Ras a considera necesario pa pone luz un rato ya cu no ta e prome caso y ta trata tambe di e derecho universal di mucha cu mester garantiza un bida sano y digno. Problema di comportacion of di salud mental mester por haya e ayudo necesario y oportuno.

Na su luga, Aruba tin na mando un gobierno cu a priminti shelo y tera tras e morto di dos mucha chikito, cu a obtene 38 miyon Florin pa un Crisis Plan, pero cu no ta wak su efecto y ainda Parlamento ta wardando pa haya e rapport di evaluacion.

Wyatt-Ras: “Si e hoben no a wordo scucha na prome instante, e tin cu wordo scucha awo cu su mayornan ta indica di no ta contento, di kier haya mas informacion y ta desea pa haci un autopsia pasobra esey ta nan derecho. Haci un autopsia pa e mayornan keda trankilo. Sea kico e yiu por a haci, e momento aki ta doloroso y cu mester di e ayudo, acogida y sosten, tambe di indole psicologico. Esey tambe ta locual cu mi persona, como miembro di fraccion AVP, a base di articulo 3.17 di nos constitucion y tambe articulo 59 di Reglement van Orde a manda puntra Minister di Husticia.

E preguntanan di e mandatario y cu hopi hende na Aruba tambe kier sa ta, por ehempel, dicon un hoben, den su situacion y condicion, por a keda asina largo den un cel sin supervision, guia of algun tipo di medida di prevencion. Pa loke ta trata den futuro, con ta bay preveni esaki di sosode atrobe, ora bo ta tende cu cel no ta adecuado pa hende mas.

Esaki, segun e parlamentario di AVP, ta algo preocupante cu e minister mester para keto riba dje. Maneha su presupuesto di un manera cu tin recurso disponibel pa mehora e forma di traha di cuerpo policial y tur esunnan cu ta traha den e area di husticia.

Wyatt-Ras a tuma nota, a base di e presupuesto, cu kier haci hopi mas pa husticia, pero no hopi den e cartera di asunto social. Esaki no ta refleha e situacion actual. “Ta hopi cruel pa bisa mayornan cu no por haci autopsia. E no ta na su luga pa e haci esey y mi ta kere cu mester duna e mayornan e debido cooperacion pa asina tin transparencia y haya sa kico a pasa cu nan yiu, e parlamentario a declara.

No por ta asina cu despues di 38 miyon florin pa un Social Crisis Plan, awe nos ta wak cu mas bien ta kitando trahando social for di scol; profesional capacita pa hustamente atende y por bati alarma na tempo pa brinda e ayudo necesario pa preveni problema mas grandi den futuro. AVP a introduci e trahado social a scol, ademas di leerplicht y programa den cual hoben por keda mas largo na scol realizando actividad sano. Gabinete Wever-Croes I y II en bes di mantene esaki, a cera programa y kita profesional di trabou. A corta tambe den tur e diferente cuido cu tin pa mucha cu ta poco dificil y tin mayor cu door di trabou no por dedic’e e oranan cu tin mester, ni tampoco tin facilidad pa e yiu por keda na forma responsabel y pagabel.

Parlamentario Wyatt-Ras ta urgi Minister Tjon pa contesta su preguntanan, pero tambe pa bin cu miho proteccion pa nos hobennan y ora cu nan no ta cana e caminda corecto, pa yuda nan bek den e caminda corecto y den comunidad; un comunidad den cual tur hoben tin e derecho y oportunidad, pero tambe e sosten pa asina por desaroya di forma optimal.

Eric Ras(Curpa):

Nos Prome Minister parce di tin miedo di spirito y ta huy bay Hulanda

Di un forma relampago nos Prome Minister a biaha pa Hulanda. Nos Prome Minister a acudi inespera y no invita na e reunion di Gobierno di Reino. A permiti nos Prome Minister toch pa hiba palabra. E resultado tabata un baño di awa friu pa e Prome Minister. Enbes di logra haya comprension, nos Prome Minister a wordo humiliya. Gobierno di Reino no tabata tin misericordia cu gobierno di Aruba loke ta lanta e pregunta kico e Prome Minister a bay haci Hulanda? Nos ta kere cu e biaha aki no tin nada di haci cu bishita di trabao.

Kisas nos Prome Minister a core pa un otro scandal cu a mira luz di dia. Nos di partido Curpa a expone diferente biaha cu e gobierno aki no ta miho cu esun anterior. Den tempo di Covid gobierno no solamente a core fia placa for di Hulanda pero tambe a subi mercado internacional y a haci un prestamo di 253.3 milyon di dollar. Si nos tuma e prestamo di 916 milyon for di Hulanda mas e prestamo haci riba mercado internacional e ta suma cas 1.4 biyon florin. Awor ta cua partido ta esun cu a crea e GIGA DEBE? Si den un aña a fia 1.4 biyon florin cuanto placa mas a wordo fia cu ta scondi?

Nos por a lesa den e landscourant cu nos minister president a firma un decreto di 113 milyon di dollar (2013), 52 milyon di dollar (2014), 127.4 milyon di dollar (2015) y 253.3 milyon

di dollar (2020) cu ta suma un total di debe 998 milyon florin cu un interes di riba 10%. Partido Curpa no tin e informacion di e periodo cu e interes ta core. Un cos ta sigur integro e gobierno aki no ta. Feestvierend ten ondergaan ta sigui paso no tin un parlamentario cu curashi pa ranca e plug di e gobierno aki. P'esey awe nos debe nacional ta riba 6 biyon florin paso e gobierno aki a fia mas cu 2 biyon florin caba y te awe no tin un presupuesto cu surplus.

Den e caso cu Aruba Bank a apela contra di señor Otmar Oduber, for di e sentencia di dia 31 di october 2023 nos por a lesa cu tin un empleado publico cu nan a yama spirito y cu a cobra sin traha 120.000 florin. Ta haci mencion di mas cu un persona. Ora ta tuma hende den servicio di gobierno decision ta wordo tuma den Ministerraad. Departamento di Recurso Humano ta esun cu ta hinca e persona den e sistema pa e por cobra fin di luna. E sentencia aki ta demostra cu henter Ministerraad ta forma parti di e caso spirito. E persona cu tin cu paga e 120 mil florin bek sigur sigur no a vota pa señor Oduber. Pa colmo señor Oduber ta laga sa cu ta un favor el a haci nos minister president. Lo bay crucifica Oduber pero e otro nan si no ta haya nada. Ta cera contrincantenan politico pero ora ta trata votadonan di partido MEP ta yega na un areglo di pago cu nan. Unda husticia ta keda? Yearwood cu via di malesa mester busca su derecho via hues mientras cu spirito ta cobra sin traha.

Prestatiemanagement ta conta pa esnan cu ta traha pero esnan sin traha ta cobra e prestatiemanagement no ta conta. Esaki ta corrupcion. E cartera di integridad ta den man di minister di RAIZ. Nos lo no por spera nada di partido RAIZ paso nan tampoco ta para pa integridad. E parlamentari-onan tampoco ta para pa integridad. Di tanto nubia scur cu tin riba e gobierno aki no tin un parlamentario cu curashi pa ranca e plug di e gobierno.

E supuestamente cristiannan den parlamento tampoco ta para pa integridad paso si nan propio gobierno ta pusha leyman cu ta contra di leyman di Dios nan no tin e curashi pa tuma un decision di bisa cu nan ta kita e sosten for di gobierno. Corrupcion ta dilanti di nan nanishi y ta sigui carga nan gobierno manera hendenan cu tin bril di palo bisti. Nos ta kere cu nos tin un Dios husto y Su husticia lo cay un ora pa otro. Partido Curpa e unico alternativa.

Bin bishita nos y probecha!

Paña di bon calidad na bon prijs.

Parlamentario Shailiny Tromp-Lee (MEP):

Union y determinacion Parlamentario di e islanan den Reino ta necesario y importante

Parlamentario Shailiny Tromp-Lee ta haya necesario pa informa pueblo di e punto encuanto deficit democrático cu a keda trata durante e reunion di Tripartiet cu a tuma luga recientemente na Sint Maarten. Un tema cu sigur último 4 reunionnan di IPKO y Tripartiet entre Aruba, Curaçao y Sint Maarten ta forma parti di e puntonan di agenda.

Hecho ta cu tin un deficit democrático grandi den Reino y sigur durante di e pandemia paisnan den Reino a sinti esaki grandemente. Esaki sigur ta e motibo cu a intensiva un biaha mas e combersacion y discusion al respecto. Hulanda ta presentando posibel solucionnan pero como pais nos mester evalua seriamente nan impacto berdadero y cu si den practica nan ta funciona of ta efectivo.

Pero no solamente durante e pandemia pero awor cu ta negosha refinanciamiento di e debe mara na e pandemia nos ta experencia e deficit democrático un biaha mas. A yega ora pa paga bek e fianza cu nos a haya basa riba articulo 36 di Statuut y e espacio pa negosha e condicionnan casi no ta existi. Algo cu nos Gobierno a bin ta indica desde 2020. A pesar cu Gobierno ta bin cu varios proposicion pa Hulanda, nan no ta wordo evalua seriamente, of di biaha ta wordo bari for di mesa. Mesun proceso cu ya caba durante di IPKO nos a condena. E actitud di sino fono, pone cuchiu na garganta, “take it or leave it” y strafrente cu ta conduci cu e islanan ta haya nan cu un “gedwongen consensus” ta di lamenta y sigur ta inacceptabel. Sin laga afo cu e no ta nada husto.

Parlamentario Tromp-Lee a indica cu durante di e Tripartiet, su persona a enfatisa na demas coleganan, cu awe mas cu nunca nos mester crea union Parlamentario entre e islanan subrayando cu tempo cu Parlamentonan tabata uni, y a para contra e Rijkswet COHO, a logra pa esaki wordo bari di mesa y a bin cu un “onderlinge regeling”. Na e momento aki, Tromp-Lee ta haya cu demas Parlamentonan cu ta participa na IPKO a lubida e echo cu nos a condena e proceso encamina pa Hulanda y a hasta describi e proceso cu mester keda encamina pa yega na un ley di consenso di reino.

Durante Tripartiet Tromp-Lee a subraya cu e no ta compronde cu Hulanda na februari e aña aki ainda ta persisti riba RAft como condicion pa nos haya refinanciamiento na interes abou, mientras cu di aña pasa mei mayoria di Parlamentario di Aruba a informe cu nan no ta di acuerdo cu e RAft.

Tambe Tromp-Lee a subraya cu e no ta compronde cu e Parlamentonan di e islanan no ta duna sosten na e lucha di Aruba. Pasobra mesun proceso cu COHO a cana, RAft a cana. Dus si nos a condena e proceso di COHO mas cu claro lo a spera cu lo condena esun di RAft. Esaki sin wak e contenido mes.

Lastimamente den e caso di refinanciamiento Hulanda ta uza e strategia di “divide and conquer” dunando e islanan diferente condicionnan y diferente interes. Algo completamente incomprendibel y na su al parecer inhusto. Sint Maarten 3,4%, Curaçao, 5,1% y Aruba 6,9%.

Aruba tin derecho pa haya un miho interes na bienestar di su pueblo. No solamente pa nos hendenan awe sino tambe pa nos futuro generacion. Ta placa cu nos a presta pa por brinda alivio y seguridad na nos hendenan durante di pandemia, ta pa por a duna FASE, Subsidio di Salario y sosten financiero na compania mediano y chikito. Y awe kier haci negoshi riba lomba di nos pueblo. Pasobra realidad ta cu nos tin cu paga, cual nos ta bay haci tambe. Pero pa Hulanda haci ganashi ta inacceptabel.

P’esey mes Tromp-Lee ta boga pa mas union y determinacion entre y di e Parlamentonan di e islanan. Practica a siña nos cu esaki necesario, importante y efectivo.

Minister Rocco Tjon:

Brandweer Aruba a inicia su klas nobo pa reenfora e cuerpo

Diaranson mainta Minister di Husticia y Asuntonan Social sr. Rocco Tjon tawata presente na post Tango pa asina ser conoci cu e klas nobo di Brandweer cu a inicia. Un momento sumamente bunita, caminda a yama e hobennan aki un bon bini na e Cuerpo nobo. Ta trata di un grupo cu ta bay reenfora Cuerpo di Bombero, mirando cu tin falta di personal, pa cual motibo a inicia cu e opleiding aki. Banda di esaki a haya un splicacion tambe tocante e tres trucknan nobo cu Brandweer a ricibi recientemente.

Importante pa menciona ta cu den presupuesto 2024, a incorpora un fondo di crecimiento, pa di e forma ey por sigui fortifica henter e cadena hudicial, entre otro Brandweer pa asina nan por adkiri mas personal e aña binidero. Esaki ta un comienso bunita, pa asina reenfora e Cuerpo importante aki.

Na mes momento, a haya un splicacion pa loke ta e tres trucknan completamente nobo cu a yega Aruba siman pasa. Den e simannan nos dilanti, e ekipo di Merca lo ta biniendo Aruba pa asina duna un splicacion amplio tocante e funcionalidad di e trucknan aki na henter e comision di Brandweer. A base di esaki por inicia cu e training pa e personal, pa loke ta e funcionalidad di e trucknan nobo. Tambe, e proceso pa sigura e trucknan aki, ta caminando.

Ministerio di Husticia y Asuntonan Social a inverti hopi e ultimo dos añanan aki den e departamento di Brandweer. Manera ta conoci, a renoba e post di San Nicolas por completo, a percura pa tur material nobo pa e personal por traha bou di condicionnan mucho mas sigur pa nan mes y ehersce nan trabou optimalmente, tambe a ricibi trucknan nobo aña pasa y e aña aki. Ademá di esaki, por a tuma nota di e proyecto di mas nobo cual lo ta e renobacion por completo di e post na Airport, cual aworaki a inicia, mirando cu e fondonan a wordo aloca a base di e tremendo maneho financiero cu a wordo hiba e aña aki.

Un momento sumamente positivo pa Brandweer Aruba, pa loke ta trata e opleiding, cual manera a wordo indica ta e prome klas, pero otro aña lo tin mas personal cu lo bay reenfora e departamento aki. Un pabien na e ekipo di Brandweer Aruba cu e iniciativa aki.

Tres siman di training intensivo

Polis miho prepara pa maneha vehiculo policial durante emergencia

Eno ta un secreto cu Polis ta core vehiculo policial bou luz blauw y sirena pa yega na un sitio di incidente mas lihe cu ta posibel pa asina por brinda e prome auxilio. Pero pa yega na e sitio di incidente safe e agentenan mester di un training con pa maneha e vehiculo policial aki, ta den cuadro pa sigui eleva e agentenan miho tras di stuur a bin cu e curso di Rijopleiding.

Polis di diferente departamentonan special pero tambe di polis uniform a participa na e curso aki cu a dura tres siman. E curso a wordo duna pa instructornan Hulandes: Sr. Geo Prins, Sr. Arno van Blitterswijk y Sr. Eric de Haan.

E agentenan a pasa den varios training practico pero tambe teoretico. A haci uzo di diferente localidad y scenario pa asina e agentenan por manobra diferente obstaculo den un forma safe y uzando diferente vehiculo policial.

30 agente policial a haya e oportunidad pa participa na e curso y a termina esaki exitosamente. Na final e agentenan a haya miho conocimiento pa maneha un vehiculo policial y a ricibi un certificado.

Pa altocomisario drs. Ramon Arnhem tabata tres siman di puro siñamento y eleva e calidad di e polis den su trabou diario. No ta solamente e seguridad di e comunidad ta importante pero tambe di e agentenan cu ta tras di stuur y cu mester maneha den forma tactico pa por yega na e sitio sin causa incidente na otro persona. Esaki ta un momento sigur cu cada polis awor tin un conocimiento mas den man pa nan sigui amplia nan experticio den e cadena hudicial.

Minister Rocco Tjon:

A atende e Vierlanden Overleg tocante desaroyo social y labor na Curaçao

Recientemente, Minister di Husticia y Asuntonan Social sr. Rocco Tjon tawata na Curaçao pa asina atende e Vierlanden Overleg, tocante desaroyo social y labor, cual a tuma luga na Renaissance Hotel, na Curaçao. E reunion aki a ser inicia pa Minister di Desaroyo Social y Labor di Curaçao sra. Ruthmilda Larmonie-Cecilia, kende a reuni cu demas minister y representantenan di Aruba, islanan BES, Hulanda, y Sint Maarten kende tawata presente virtualmente.

Durante e reunion aki, cada pais a haya e oportunidad pa vocifera nan preocupacionnan y tambe trece padilanti temanan manera, pobreza, competencia den e trato laboral, ley migratorio, y e diferencia den servicionan social den cada pais. Banda di esaki, a comparti tambe presentacionnan tocante e situacion actual den cada pais, “best practices”, y cambionan previsto den e veld social, y a base di esaki a papia tocante con por traha mas di cerca cu otro y coopera mas cu otro pa asina reenforza e veld social.

Minister Dangui Oduber:

Reunion pa sigui reenfora e prome liña di cuida

Y explora e posibilidad cu clinica & universidadnan den region

Diamars atardi Minister di Turismo y Salud Publico sr. Dangui Oduber, y ministerio di salud, a continua cu reunionnan hunto cu director di ImSan sr. Rajnherc pa yega na un consenso pa traha hunto y pa asina sigui reforsa e structura di cuida di salud na Aruba. Diferente palabracion y puntonan a wordo discuti pa mehora un sistema sostenibel di cuida di salud.

E mandatario ta splica cu un di e proyectonan cu ser discuti ta pa amplia e “huisarsten opleiding” pa asina crea oportunidadnan na nos yiunan di tera cu a completa nan “basisarts” den region, reconoci dor di AruBIG, pa continua e specialismo di “huisarts” aki na Aruba mes. Esaki sigur ta un hopi bon noticia den cuadro di e mehoracion den calidad di cuida.

E enfoke di Minister Dangui Oduber ta pa continua cu e mehoracion di cuida. Pa logra e meta aki a discuti posibilidadnan di cooperacion cu clinicanan acredita y renombra di Colombia. Un di e proyectonan discuti ta e posibilidad pa atrae mas dokter y specialistanan manera por ehempel opthalmogist “specialista/dokter di wowo” pa asina por brinda mas servicio na nos pueblo.

Otro bon noticia ta cu lo sigui inverti den Aruba su profesionalnan medico. E biaha aki lo bay inverti den nos futuro dokternan di cas fortificando e prome liña di cuida. Esaki lo sosode por medio di e asina yama HOED “Huisarten Onder Een Dak” cual lo consisti di 3 dokter di cas cu lo inicia den prome kwartaal di 2024.

E HOED lo reenfora e prome liña di cuida y trece mas accesibilidad na nos pashentnan cu mester di e cuida aki. Sigur esaki ta un logro cu Minister Dangui Oduber y ImSan

management ta orguyoso di dje.

Finalmente, Minister Oduber a splica cu ImSan ta e prome hospital cu e acreditacion “Joint Commision International (JCI)” den ful e region di Caribe Hulandes.

E mandatario a sigui bisa cu e standard cu ImSan a pone pa Aruba su calidad di cuida medico ta uno di nivel mundial. E acreditacion di JCI no ta enfoca solamente ariba e calidad di cuida y servicio cu sigur ta di vital importancia, pero ta pone siguridad di pashentnan y trahadonan tambe como prioridad pa asina pone e standard di mas halto cu por existi. E acreditacion di JCI tambe ta crea oportunidadnan pa Aruba sigui explora e sector di turismo medico.

E maneho di Ministerio di Salud Publico ta dirigi riba mehora e calidad di cuida y servicio. E meta principal ta pa percura pa haci inversionnan continuo den cuida medico pa percura pa gastonan keda manehabel y sostenibel.

Receta

TIEMPO PREVIO: 2 h 40 min

HORA DE COCINAR: 30 minutos

TIEMPO TOTAL: 3 h 10 min

6SERVICIO

Ingredientes:

Masa

3 tazas de harina para todo uso sin blanquear

1/4 taza de azúcar

1 1/2 cucharadita. Sal

1/3 taza de agua tibia

2/3 taza de leche entera a temperatura ambiente

2 1/4 cucharaditas. Levadura seca

2 cucharadas Mantequilla a temperatura ambiente

Capa de mantequilla

8 onzas Manteca

1 1/2 cucharada. Harina para todo uso

1 huevo lavado grande

Direcciones:

1 - Combine el azúcar, la harina y la sal en el tazón de una batidora de pie equipada con un gancho para amasar (o en un tazón grande, si lo está haciendo a mano). Mezcle los ingredientes.

2 - Pon la leche y el agua en una taza medidora. Disuelva la levadura con un batidor o un tenedor.

3 - Vierta el líquido en la mezcla de harina, luego revuelva con el gancho para masa o una cuchara de madera si está mezclando a mano. Amasar de 3 a 5 minutos hasta que la masa tenga grumos pero ya no esté peluda.

4 - Agregue la mantequilla y amase de 3 a 5 minutos más hasta que la mantequilla esté completamente integrada en la masa. (La masa quedará húmeda pero no pegajosa).

5 - Retire la masa de la batidora y transfírala a un recipiente limpio y engrasado. Cubrir con film transparente. Reposar y fermentar la masa durante 30 minutos hasta que aumente de volumen y para darle tiempo al gluten para que se relaje.

6 - Usando el accesorio de paleta de la batidora, bata la mantequilla y la harina hasta que quede suave y cremosa, pero no la airee ni la crema como para la masa para galletas.

7 - Raspe la mantequilla sobre un trozo largo de plástico o papel pergamino y forme un cuadrado plano, de 8" x 8", un poco menos de 1/2" de espesor. Enfriar.

8 - Coloque la masa de croissant sobre una superficie de trabajo generosamente enharinada y espolvoree ligeramente la parte superior de la masa con harina.

9 - Enrolle la masa hasta formar un cuadrado, de aproximadamente 12"x12". Cepille

el exceso de harina de la masa. Centre la mantequilla fría en la masa, con las esquinas del cuadrado de mantequilla centradas a lo largo de los lados de la masa. Debería verse como un diamante en un cuadrado.

10 - Doble las cuatro esquinas de la masa sobre la mantequilla, pellizcando bien las costuras y sellando las cuatro esquinas en el centro del paquete de mantequilla.

11 - Luego, extienda la masa hasta formar un rectángulo de 20" x 8". Cepille el exceso de harina y, con la costura hacia arriba, doble de la masa a lo largo hacia el centro.

12 - Luego doble el último tercio de la masa sobre la porción central para formar tres capas de masa. Esto se llama plegado de letras. Tapar y regresar al refrigerador por 30 minutos. Este es un "turno". Saca la masa del refrigerador y repite el proceso, por un total de dos vueltas. Descanse otros 30 minutos.

13 - Para el tercer y último turno, haz un pliegue de libro. A lo largo, doble un cuarto de la masa hacia el centro. Repite el proceso con la otra mitad de la masa. Los dos bordes de la masa deben unirse en el centro. Luego "cierra el libro" doblando la masa por la mitad. Debes tener cuatro partes de la masa apiladas. Extiéndalo ligeramente para aplanar la masa hasta que tenga 1 pulgada de espesor si la mantequilla no está

demasiado blanda. Reposar la masa en el frigorífico de 30 minutos a toda la noche.

14 - Enrolle la masa hasta que tenga 1/2" de espesor, 10" de ancho, aprox. 24" de largo. Utilice un cuchillo afilado o una rueda de repostería para hacer los cortes deseados.

15 - Coloque los croissants en una bandeja forrada con pergamino.

16 - Cubra con un recipiente limpio o colóquelo en la caja de prueba, o coloque un trozo de plástico encima, asegurándose de que queden bien cubiertos.

17 - Deje reposar hasta que esté esponjoso, esponjoso al tacto y haya aumentado a 1 1/2 veces su tamaño original, lo que tomará de 2 a 3 horas, dependiendo de qué tan caliente esté su cocina. Si estás en un clima fresco, puedes fermentar los croissants encima del horno caliente para acelerar el proceso.

18 - Mientras la masa sube, calienta el horno a 200°C / 400°F.

19 - Lave los croissants con huevo y hornee en una bandeja de doble hoja (para evitar que se queme la parte inferior) en la rejilla central del horno durante 8 minutos, luego gire la bandeja y baje el horno a 180°C / 350°F.

20 - Hornee por otros 15-20 minutos hasta que estén uniformemente dorados.

Fortaleza pa Famia

E peliger di sigui haci pica conscientemente

MESCOS cu e Spirito di Dios t'ey aki riba mundo, pa hiba hende den e caminda di Dios pa bida eterna. E diabel tambe t'ey pa hiba hende den perdicion y morto eterno.

Pasobra aki riba tera ora un persona faya cu ley (husticia) e tin cu carga e consecuencia di su fayto cu husticia, cual hopi biaha por yega te na castigo di prizon. Ora un hende ta aparece dilanti di hues pa mesun cos cada rato, su castigo lo aumenta, pasobra e ta demostra, cu e no a siña su les, y cu e no ta respeta ley.

Awor e palabra di Dios ta siña nos den Romanonan 3:23 bisando: Pasobra tur a peca y falta e gloria di Dios. Esey ta nifica cu pica, no ta nifica algo pa competi cu ne, bisando ken ta haci pio, of ken ta mas malo, pero ta algo pa arepentí, aparta y biba pa Señor.

Pasobra ningun instancia terenal no tin e autoridad di manda hende fierno. Solamente Dios por haci esey, y ta p'esey hende no mester provoca Dios.

Pasobra hopi biaha hende ta biba den inmoralidad y impuresa cu proteccion di ley terenal y ta tuma tur esnan cu ta hala nan atencion di nan bida di pica na malo, y ta compara nan pica cu otro enbes di arepentí for di pica.

Mescos cu Dios a instala autoridad riba mundo, di cual ta para skirbi cu nos tur mester somete nos mes na autoridat existente, Dios a pone e Iglesia pa nos tur por biba segun e ordo di Dios.

Pasobra ora un hende no ta respeta Dios e ta resulta den fierno (Galationan 5:19-21 si e no arepentí).

Dios a duna tur hende e oportunidad di salvacion y ricibi bida eterna ora nos kere den su yiu Cristo Hesus, y esey ta e plan di salvacion (Juan 3:16-21).

Palabra di Dios ta bisa cu si nos confesa nos picanan, Dios ta fiel y husto di perdona nos nos picanan y limpia nos tin tur inhusticia (1 Juan 1:9).

Ora hende no ta respeta Dios, y ta sigui provoca Dios, keriendo cu ta hende ta molestia, ora hende ta busca tur manera pa sigui den maldad, cambiando ley pa duna nan e oportunidad di sigui pica y bofona Dios, ta para skirbi cu

lo sosode lo siguiente:

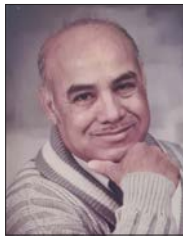

! Ma pa motibo di capricho, y bo curason cu no ta arepentí bo ta montona furia di Dios pa bo mes, den e dia di furia y revelacion di e huicio husto di Dios. Kende lo paga cada ken segun su obranan (Romanonan 2:5-6)

! P'esey considera e miembronan di boso curpa terenal como morto pa inmoralidad, impuresa, pasion, deseo malo y golosidad, cual ta igual na idolatria, pasobra pa motibo di e cosnan aki furia di Dios lo baha riba e yiunan di desobediencia (Colosensenan 3:5-6).

! Pasobra si nos sigui peca boluntariamente despues di a ricibi conocimiento di e berdad, no ta keda sacrificio pa pica mas. Sino un cierto expectativa di huicio y e furia di un candela cu lo caba cu e adversarionan (Hebreonan 10:26).

Cada persona cu ta bay contra Dios y Su palabra, y tur esnan cu ta aproba y apoya nan desobediencia ta bira un adversario di Dios.

Ta keda na cada ken pa realisa cu bo rebeldia no ta cu hende, ni cu religion, ni cu iglesia, pasobra ta para skirbi ora hende no ta reconoce Dios, con Dios ta entrega nan na un mente perverso pa haci cosnan cu no ta cumbini (Romanonan 1:28-32).

Jehova ta mi wardador mi no tin falta di nada.
Salmo 23-1

Cu profundo tristeza nos ta anuncia fayecimento di:

A MODEL BASED ON A “MULTI-YEAR EXPENDITURE ESTIMATE” FOR THE AZV HAS BEEN INTRODUCED

A model based on a “multi-year expenditure estimate” for the AZV has been introduced

IN July of this year, an agreement was reached within the healthcare sector, emphasizing the necessity and importance of a “multi-year financial framework” to maintain a sustainable AZV fund. Yesterday, AZV presented this plan to the healthcare field. The presentation aimed to inform about how they arrived at the multi-year financial framework.

The AZV Executive Agency expressed their gratitude to various

professionals within AZV, as well as external professionals who contributed to this project. This project was monitored by, among others, Professor Jeurissen, a Healthcare Economist from the Netherlands. The multi-year financial framework is a model that predicts healthcare costs, taking into account over 2,500 points of care when calculating income and expenses.

Thanks to this model, healthcare in Aruba can be planned and executed more efficiently, aligning with the vision of Minister Oduber and the AZV Executive Agency to strengthen healthcare in Aruba and maintain a high standard of care for the current population and future generations.

Another goal of this “multi-year financial framework” is to replace the 60 million cuts imposed by the Netherlands, a cut for which the Netherlands never provided a clear rationale. It should be noted that Aruba was never in agreement with this particular cut. Minister Dangui Oduber is immensely proud of this “multi-year financial framework,” which is a historic milestone for Aruba and will professionalize the financing of healthcare on the island.

Annual Election of Chamber of Commerce Board Members

EVERY year, in accordance with the provisions of the Chamber of Commerce and Industry (KvK) Ordinance and the KvK Election Ordinance, KvK holds elections for board members according to a fixed schedule and a rotating system, where every 3 out of the 9 positions become vacant. This creates opportunities for new members to join the board, contribute to the work and goals of KvK, while maintaining continuity within the board. Members whose terms are ending can also make themselves eligible for re-election if they wish.

The position of a KvK board member is voluntary and unpaid, with a term of 3 years. In return, it provides an opportunity for the member to become more involved and closely acquainted with the development of our economy, helping KvK fulfill its legal tasks while focusing on the needs and general interests of our business community. As a KvK member, active participation and an affinity with the private sector and various issues of importance to trade and our economy are essential.

KvK is a unique legal entity with tasks assigned by law, including representing the general interests of trade and industry in Aruba,

Arion Wine Company celebrates 20 years

IN honor of its upcoming Platinum Anniversary, Arion wine company is looking forward to celebrate with its many clients, friends and fans the important achievement of being in business on Aruba for two decades.

The multi-faceted celebration schedule, November 7th to 10th, includes the appearances of a surprise celebrity guest, an author, lecturer and world-class authority on wines and food Jancis Robinson and an equally knowledgeable wine and food columnist Nick Lander, both writers for the prestigious Financial Times.

Among other planned occasions, a lecture aimed to delight and inform 40 select university students. The interactive lecture will take place at the Arion Wine Company's headquarters.

The following day, a trade-seminar will be held in a hotel ballroom, targeting more than 100 local tourist-industry professionals, who will be meeting the celebrity guests, for an information and knowledge exchange.

Over the past twenty years, Arion Wine Company has carefully nurtured a close relationship with fans of great wines, and in order to bring exclusive brands closer to consumers, H&H, an elegant wine store, in Ponton, was inaugurated in 2019. H&H will host a lively cocktail party, open to the public, to allow its clients an opportunity to meet the celebrity guests. Robinson's books will be available, an opportunity to get one of personally signed and dedicated.

The anniversary celebration will culminate with a charity dinner, at Azia Restaurant & Lounge with guests of honor Jancis Robinson and Nick Lander on November 10th, 18:30. The 6-course dinner with wine pairing, and an exciting silent auction is a fund raiser for a Health Promotion Foundation. The delicious menu will be paired with a special wine selection.

For tickets contact: marketing@arionwinecompany.com

"We wanted to mark our anniversary with a mix of events, educational, charitable and fun, and we think we strike the right note here, reaching university students, our clients

and the island's community of foodies," says Govert van der Hout, who twenty years ago, gained the confidence of Eric Wente, the CEO of Wente Vineyards, to become the first brand distributed by the just-born Arion Wine Company.

Today, Arion Wine Company is proud of its extensive portfolio of brands, a mix of Old and New World, traditional and innovative. The company delivers consistent quality, tracks changing trends, shares them, and is proud of storing its wines in a state of the art facility.

The company's name, Arion, derive from Greek Mythology where the charming youth Arion, sang the praise of Dionysus, the god of wine and pleasure, who in turn sent a pod of dolphins to save Arion from drowning, when thieves threw him overboard his ship, attempting to rob his riches.

The image of the boy, Arion, riding a dolphin, stuck with my mom, Govert explains, and that is what we called the company, figuring it's smart to partner with the god of wine and pleasure.

Over the past 13 years, the company has also organized an annual charity golf tournament in collaboration with Wente Vineyards and Papiamento Restaurant, giving generously back to the community, supporting many local charities.

Congratulations, Arion. It will be a November to remember.

Meeting between Minister Danguí Oduber and the director of ImSan, Mr. Rajnherc To Strengthen Healthcare and Explore Collaborations with Clinics and Universities in the Region

ON Tuesday afternoon, Minister of Tourism and Public Health, Mr. Danguí Oduber, and the Ministry of Health held meetings with the director of ImSan, Mr. Rajnherc, to reach a consensus and collaborate in reinforcing the healthcare structure in Aruba. Various ideas and points were discussed to improve a sustainable healthcare system.

The Minister explained that one of the discussed projects is to expand the “general practitioner training” to create opportunities for our local students who have completed their “basic medical degree” in the region, recognized by AruBIG, to continue their specialization as “general practitioners” in Aruba. This is certainly excellent news for enhancing the quality of healthcare.

Minister Danguí Oduber’s focus is on advancing healthcare improvement. To achieve this goal, they discussed potential collaborations with accredited and renowned clinics from Colombia. One of the discussed projects involves attracting more doctors and specialists, for example, ophthalmologists, to provide additional services to our people.

Another piece of good news is the continued investment in Aruba’s medical professionals. This time, the focus will be on strengthening our local future doctors, reinforcing

primary healthcare. This will be accomplished through the implementation of the so-called “HOED” (House Doctors Under One Roof), consisting of three local general practitioners, set to commence in the first quarter of 2024. HOED will fortify primary healthcare and increase accessibility to those in need of such care, a significant achievement that Minister Danguí Oduber and ImSan management are proud of.

Finally, Minister Oduber explained that ImSan is the first hospital in the entire Dutch Caribbean region to receive accreditation from the “Joint Commission International (JCI).” The Minister emphasized that the standards set by ImSan for the quality of medical care in Aruba are on a global level. JCI accreditation not only focuses on the quality of care and services, which are of utmost importance, but also prioritizes patient and employee safety, setting the highest possible standards. The JCI accreditation also creates opportunities for Aruba to further explore the medical tourism sector.

The management of the Ministry of Public Health is committed to improving the quality of care and services. The primary goal is to ensure continuous investments in healthcare to keep expenses manageable and sustainable.

Venezuelan Opposition's Primary Election Results Suspended

Raising Concerns About Electoral Fairness

VENEZUELA'S highest court has suspended the results of the opposition's presidential primaries, which comes in defiance of an earlier agreement to hold free elections. Experts suggest this decision is an attempt to exclude the opposition from the 2024 presidential race and could potentially violate a recent agreement between President Nicolás Maduro's government and the opposition. This agreement led to the United States easing sanctions on Venezuelan oil, gas, and gold.

Maria Corina Machado, a former congresswoman, emerged as the victor in the opposition coalition, Plataforma Unitaria's primary election. She received more than two million votes from Venezuelans both within the country and abroad. However, the Attorney General, a member of the ruling

United Socialist Party of Venezuela (PSUV), announced an investigation into the primary election's organizers, alleging identity theft, money laundering, and conspiracy.

Machado and the opposition maintain that the October 22 vote was conducted fairly and transparently. The U.S. State Department expressed support for the opposition's primary election, urging the Maduro government to honor its commitments under the agreement.

This move is viewed as an effort by the Maduro administration to create uncertainty and pressure the opposition, potentially influencing its electoral chances. There is concern that the government may escalate its actions if the opposition continues to campaign, potentially compromising the state of democracy in Venezuela.

U.S. to Evict Gabon, Niger, Uganda, and Central African Republic from AGOA Trade Program

A recent announcement, U.S. President Joe Biden declared his intention to terminate the participation of Gabon, Niger, Uganda, and the Central African Republic in the African Growth and Opportunity Act (AGOA) trade program. This decision comes as a response to what Biden described as “gross violations” of internationally recognized human rights by the Central African Republic and Uganda. Additionally, Niger and Gabon were cited for their failure to establish or make continual progress toward the protection of political pluralism and the rule of law.

The termination of these countries’ beneficiary status under AGOA is set to take effect on January 1, 2024. President Biden, however, noted that ongoing assessments will determine whether they can meet the program’s eligibility requirements in the future.

AGOA, launched in the year 2000, has been instrumental in granting duty-free access to the U.S. market for qualifying African countries. It is scheduled to expire in September 2025, but discussions have already begun regarding the possibility of extending the program and its duration.

African governments and industry groups are advocating for an early 10-year extension without changes to provide assurance to businesses and potential investors concerned about AGOA’s future.

This decision marks a significant development in U.S.-Africa trade relations and has the potential to impact the economies of the affected African nations, as well as future trade discussions between the United States and Africa.

Colombia’s Return to Political Comfort Zone in Regional Elections

THE recent regional elections held on October 29 in Colombia, there was a notable shift back to the country’s traditional political landscape. Despite a 55% voter turnout, opposition candidates or those unaffiliated with Gustavo Petro’s leftist government secured victories in major cities across the nation. This outcome marks a surprising turn of events, following a period of atypical governance that had strayed from Colombia’s conventional political lines.

Colombia has re-elected familiar faces. After four years characterized by unconventional governments, the officialist left lost regional elections in major cities such as Bogotá, Medellín, Cali, and Barranquilla. While many of the newly

elected officials are critical of the president, their diverse ideologies make it challenging to categorize them as part of a unified movement.

Andrés Segura, an expert in government and public policy, interprets this election as a return to the political comfort zone. The nation has chosen to revert to its longstanding politicians, seeking a sense of stability once more.

Gustavo Petro, the sitting president, managed to secure only two out of the 32 governorships in the country. This symbolic defeat diminishes his leverage for negotiating the new policies that will govern local governments from 2024 to 2027.

As Colombia navigates this shifting political landscape, Petro faces a critical juncture. He must decide whether to pursue a moderate path, engaging in bureaucratic negotiations to secure support from various parties, or to double down on radicalization, consolidating his loyal followers.

This election marks a pivotal moment in Colombian politics, highlighting the nation’s desire for stability and the challenges facing President Petro as he charts his political course.

Seven Schiphol Airport Employees Arrested in International Drug Smuggling Operation

A significant development, seven Schiphol Airport employees have been apprehended in connection with an international drug smuggling scheme operating through the airport. The arrests were made by the Koninklijke Marechaussee, a Dutch military policing force responsible for airport security, following the discovery of hard drug shipments in Asia earlier this year, as revealed on Wednesday.

The contraband was uncovered within cargo shipments on aircraft departing from Schiphol Airport. Each shipment

weighed tens of kilograms, emphasizing the scale of the operation. Subsequently, the Marechaussee initiated a thorough investigation that ultimately led to the apprehension of the seven individuals suspected of involvement in the smuggling process.

The suspects are believed to have played various roles in the criminal network, including transporting narcotics to the airport and facilitating their placement within the cargo holds of aircraft. Furthermore, the investigation is ongoing, with the possibility of more arrests as authorities delve deeper into the complex drug trafficking network.

This incident raises concerns about security and oversight at one of Europe's busiest airports, and highlights the challenges faced by law enforcement agencies in tackling international drug smuggling operations. The collaboration between Dutch and international authorities is crucial in curbing such illicit activities and maintaining the safety and integrity of global air travel.

El Paso Mass Shooting: 20 Killed in Hate Crime Attack, Suspect Charged with Capital Murder

A tragic Saturday in El Paso, Texas, a mass shooting at a Walmart left 20 people dead and over two dozen injured. This devastating event took a dark turn when it was revealed that at least seven of the victims were Mexican nationals. Police quickly categorized the attack as a "hate crime" upon discovering an online manifesto linked to the alleged shooter, 21-year-old Patrick Crusius.

Crusius now faces 'capital murder' charges, which can result in the death penalty in Texas. El Paso police spokesperson Sergeant Robert Gomez confirmed the charge during a news conference.

Prosecutors are also treating the mass shooting as a domestic terrorist case, as stated by John Bash, the US Attorney for the Western District of Texas. The

authorities are still piecing together the details of the incident, while the Mexican government confirmed the tragic loss of seven of its citizens in the attack.

Among the victims was 25-year-old Jordan Anchondo, who courageously shielded her two-month-old son during the shooting, ultimately giving her life to save him. Her heroic act showcases

the immense human cost of this horrifying event.

The attack has sent shockwaves through El Paso, a city where over 80% of residents are of Hispanic descent, located on the border with Mexico. As investigations continue, the nation grapples with the profound tragedy of this hate-fueled act of violence.

Health Council Approves Extended Research on Older Embryos

THE Health Council has given its approval for scientists to conduct research on embryos for a longer period, extending from 14 days to 28 days. These embryos are specifically preserved for research purposes, primarily involving those left over after in vitro fertilization (IVF) treatments and donated for research. The Health Council emphasized that from an ethical perspective, there is no definite point at which research with embryos becomes unacceptable, except in the later stages of development.

According to the Health Council's recommendations to the Cabinet, the decision to draw a line on the acceptable duration of embryonic research depends on several factors. Extending research up to 28 days into embryonic development could yield valuable insights into preventing developmental disorders and addressing fertility issues.

Currently, there is "virtually no knowledge" about human embryo development between two and four weeks, a critical period when organ development occurs. The potential for scientific advancements in understanding human development during this phase is significant.

Moreover, scientists can already gain insights into human embryos older than one month by using non-living material left from abortions for research purposes.

The council also considers the "social perspective" in setting the 28-day limit. While it acknowledges that the extension from two to four weeks is justifiable, the council recognizes that research involving embryos is a sensitive subject with diverse public opin-

ions. To gain social support, all interests and perspectives must be taken into account. It's essential to note that an embryo is regarded as the start of life, even though consciousness and sensation do not develop until around 22 weeks of gestation.

Until recently, researchers could only sustain embryos for one week. However, technological advancements have now enabled the extended preservation of embryos. The Health Council anticipates that large-scale research may not commence immediately but recommends timely consideration and decision-making on this matter.

Outgoing Minister Ernst Kuipers of Public Health sought advice from the Health Council on human embryos, encompassing classic embryos created by the fusion of egg and sperm cells and "embryo-like structures" (ELS) generated in a laboratory without the involvement of sperm, eggs, or a uterus.

The Health Council suggests that ELS resembling intact embryos should also receive protection under the Embryo Act, given the potential for them to develop into a human. This advice may not necessarily apply to ELS that do not closely mimic intact embryos, such as those imitating specific organs.

James Harden Traded to the Clippers Ends Saga in Philadelphia

AFTER months of drama in Philadelphia involving James Harden's trade request and a back-and-forth with the 76ers, the situation finally concluded with a blockbuster deal that sent Harden to the Los Angeles Clippers.

The trade discussions intensified two weeks ago, with the Clippers offering their 2028 first-round pick, two future first-round selections from a third team, and a pick swap. This

last proposal still fell short of Philadelphia's expectations, leading to an additional first-round pick from a third team and the unprotected 2028 selection finally sealing the deal.

The 76ers received substantial draft compensation, strengthening their position with cap space and valuable assets. Philadelphia now holds the type of trade capital that could help them acquire a missing piece for a championship run, potentially becoming a more significant player in the league's trade market.

However, there is no clear target in sight, and the team will likely evaluate its options as the season progresses, waiting for the right opportunity. The Clippers, on the other hand, secured Harden to enhance their roster's talent level, aiming to compete for an NBA title.

The trade reflects the shifting dynamics in the NBA, with more multi-team trades and teams looking to gain an edge in the competition for championships. Philadelphia and Los Angeles, along with other franchises, are making calculated moves with their eyes set on the ultimate prize.

Rangers Edge Closer to World Series Glory with Inspiring Game 4 Victory

GAME 4 of the World Series on October 31, 2023, the Texas Rangers moved one step closer to securing their first-ever championship. Despite facing adversity due to multiple injuries, including the loss of Adolis Garcia, the team's inspirational speech by Garcia rallied his teammates to an 11-7 victory over the Arizona Diamondbacks.

Garcia, who had been a standout in the American League Championship Series, had to exit the game in Game 3 due to an oblique strain. His pregame message, encouraging his fellow Rangers to win in his honor, resonated deeply with the team. They responded by unleashing an incredible offensive performance, scoring 10 runs before the third inning ended.

Key contributions from Marcus Semien, Corey Seager, and Travis Jankowski played a pivotal role in the Rangers' remarkable performance. Despite the absence of key players due to injuries, Texas became the first team in postseason history to score five or more runs with two outs in consecutive innings. With a 3-1 series lead, the Rangers stood on the brink of claiming their franchise's first World Series championship in 62 years, emphasizing the importance of a one-game-at-a-time mentality to achieve their ultimate goal.

Dusty Baker: A Lifetime in Baseball

DUSTY Baker, an icon in the world of Major League Baseball (MLB), officially concluded his managerial career on October 28, 2023. His retirement, marked by a news release and a press conference, leaves a void in the sport that few can fill. Baker's journey through baseball is a remarkable tale, entwined with historic moments and encounters with the game's greatest figures.

Throughout his career, Baker was not merely a spectator but a key participant in the evolution of the sport. From his early days as a player, where he shared the field with legends like Hank Aaron and Satchel Paige, to his transition into managing, Dusty Baker's story is a tapestry of baseball history.

One of his most iconic moments occurred on April 8, 1974, when he stood in the on-deck circle and witnessed Hank Aaron's historic 715th home run, breaking Babe Ruth's revered record. The bond between Baker and Aaron was profound, with Baker offering support during the challenging time leading up to the record-breaking

moment.

In 1977, Baker played for the Dodgers, where he was part of a team that showcased power-hitting prowess and introduced the world to the high-five. Baker's home run led to the birth of this iconic celebratory gesture, symbolizing his contribution to the sport's cultural history.

As a manager, Baker guided multiple teams, with his tenure in San Francisco marked by the emergence of Barry Bonds and a 2002 World Series appearance. His time with the Chicago Cubs was notable for leading the team to the brink of a World Series appearance in 2003, with the infamous Bartman Game etching his name in baseball lore.

In 2020, Baker took the reins of the Houston Astros, a team recovering from a sign-stealing scandal. He led the Astros to the brink of a World Series victory in 2021, falling short to the Atlanta Braves. However, in 2022, Baker's leadership propelled the Astros to their 106-win season, culminating in a World Series

triumph against the Philadelphia Phillies. Dusty Baker's illustrious career spanned over 50 years, witnessing seismic changes in baseball, from free agency to the rise of analytics. His commitment to the sport, perseverance, and enduring character have left an indelible mark.

As Baker retires, his legacy is secure, with a well-earned place in Cooperstown, a testament to the influence of perseverance and character in the long run. Baseball bids farewell to a unique figure, and while it may not be a final goodbye, it's a 'see you later' to one of the sport's most extraordinary personalities.

Dan Hardy Believes Dana White Will Hinder UFC Fighters' Move to Boxing

FRANCIS Ngannou's successful leap from the UFC to the Professional Fighters League (PFL) and a highly anticipated boxing debut against Tyson Fury has sparked interest among other fighters in crossing over into boxing. However, former UFC commentator Dan Hardy doesn't anticipate UFC CEO Dana White making it a straightforward transition for anyone following in Ngannou's footsteps.

Hardy noted that while the UFC did engage in the Floyd Mayweather-Conor McGregor crossover bout as a unique occurrence, White may not be as inclined to take such risks with other fighters. UFC athletes typically require permission from the promotion to participate in other combat sports like boxing or grappling, which often stymies such discussions from the start.

Nonetheless, Ngannou's successful foray into free agency after waiting out his UFC contract could inspire more fighters to do the same. Hardy believes the courage and confidence displayed by fighters like Ngannou will encourage others to explore the possibilities beyond the UFC, especially

when greener pastures, both financially and competitively, beckon.

"Sean O'Malley wants to step into boxing, and other fighters like Sean Strickland are exploring these opportunities," said Hardy. The lucrative purses now available in other organizations, such as PFL, may entice UFC fighters to pursue free agency and potentially secure sizable paydays by taking on the best in the business.

With substantial sums on the line, the allure of facing Francis Ngannou or other high-caliber heavyweights in the PFL might lead to more fighters departing their UFC contracts and venturing into the world of boxing, poised for a substantial payday.

Saudi Telecom Expands European Presence, Prompting Spanish Government Concern

THIS year, Saudi Telecom has set its sights on Europe, acquiring significant stakes in telecom companies operating in nine European countries, including Spain’s Telefónica. This development has raised concerns within the Spanish government, prompting considerations of purchasing shares in the telecom company, as reported by Spanish media.

Telefónica, which was privatized in 1997, holds substantial portions of the Spanish mobile phone network and operates in Ireland, the UK, the Czech Republic, Slovakia, and Germany.

“Telefónica is a strategic company in Spain,” stated Spanish Minister Isabel Rodríguez to the Madrid-based newspaper ABC. “Not only in the field of telecommunications but also in defense.” The government is contemplating acquiring 5 percent of the company’s shares, an investment estimated at around 1 billion euros.

The Spanish concerns arose in September when Saudi Telecom announced its intention to invest 2.1 billion euros to gradually obtain a 9.9 percent stake in the struggling Telefónica. This move would make the Saudis the largest shareholders of the Spanish company. By joining in, the Spanish government, along with other Spanish shareholders, aims to safeguard national interests.

In April, Saudi Telecom also made inroads in Europe. A subsidiary of Saudi Telecom acquired three United Group subsidiaries, which collectively own nearly 5,000 telecommunication towers in Bulgaria, Croatia, and Slovenia. The originally Serbian telecom company has been headquartered in the Netherlands since 2013, partly due to favorable regulations.

“We are excited to launch our presence in Europe,” noted Mohammed Alhakbani, the subsidiary’s director, at the

time. The acquisition was described as the second step in the expansion strategy, following the purchase of telecom towers in Pakistan the previous year.

The Netherlands Sees Growth in Billionaires as the Wealthiest Get Wealthier

ACCORDING to the latest edition of the Quote 500 rich list, the majority of the 500 wealthiest individuals in the Netherlands have seen an increase in their fortunes over the past year. The report reveals that out of this elite group, 54 have experienced a decrease in their wealth, but the rest have significantly increased their assets.

The number of billionaires in the Netherlands has grown from 47 to 51, indicating a surge in wealth, as noted by Quote researchers. Collectively, the richest individuals in the Netherlands now possess a staggering €421 billion, marking a 4.7% increase from the previous year. Among them, the top five alone account for €34 billion.

Charlene de Carvalho-Heineken, the heiress of Heineken, remains at the pinnacle of this prestigious list with a fortune of €12.6 billion, although slightly less than her previous standing. She is followed by Luxaflex founder Ralph Sonnenberg, whose wealth amounts to €6.2 billion, and Frits Goldschmeding, the founder of staffing agency Randstad, with a total fortune of €5.8 billion.

A notable newcomer to the list is Hans de Haard, whose assets, valued at €350 million, stem from his involvement

with the Belgian biotech firm Argenz, specializing in muscle disease drugs.

The decline in the value of payment systems manufacturer Adyen has affected several list members, including princess Mabel, whose wealth is now estimated at €330 million, less than half of last year's figure.

Some prominent names, such as the founders of the bike company VanMoof (Taco and Ties Carlier) and the founders of game and advertising company Azerion (Atilla Aytekin and Umut Akpinar), are no longer part of the list.

TV maker John de Mol continues to hold the title of the wealthiest celebrity with assets totaling €2 billion. On the other hand, racing driver Max Verstappen, the youngest member on the list, occupies the 428th place with an estimated worth of €150 million.

Henk de Vries, owner of the Bulldog cannabis cafe empire, is another noteworthy inclusion on the list with a worth of €125 million, as reported by Quote. De Vries has expanded his business ventures into energy drinks, hotels, and a resort. This rise in billionaire wealth underscores the significant wealth growth within the Netherlands.

The Science of Psychometrics:

Unlocking Human Behavior

PSYCHOMETRICS, a fascinating field within psychology, plays a critical role in understanding and measuring human behavior. It utilizes scientific methods to assess and quantify aspects of human cognition, personality, and aptitude. The term “psychometrics” is derived from two Greek words: “psyche,” meaning mind, and “metron,” meaning measure. It encompasses a diverse array of tools and techniques designed to decode the intricacies of human thought, emotion, and performance.

The Birth of Psychometrics:

The roots of psychometrics can be traced back to the late 19th century when psychologists like Francis Galton and Alfred Binet began developing standardized tests to measure cognitive abilities and intelligence. Galton’s work on measuring traits and Binet’s pioneering intelligence tests laid the foundation for modern psychometrics.

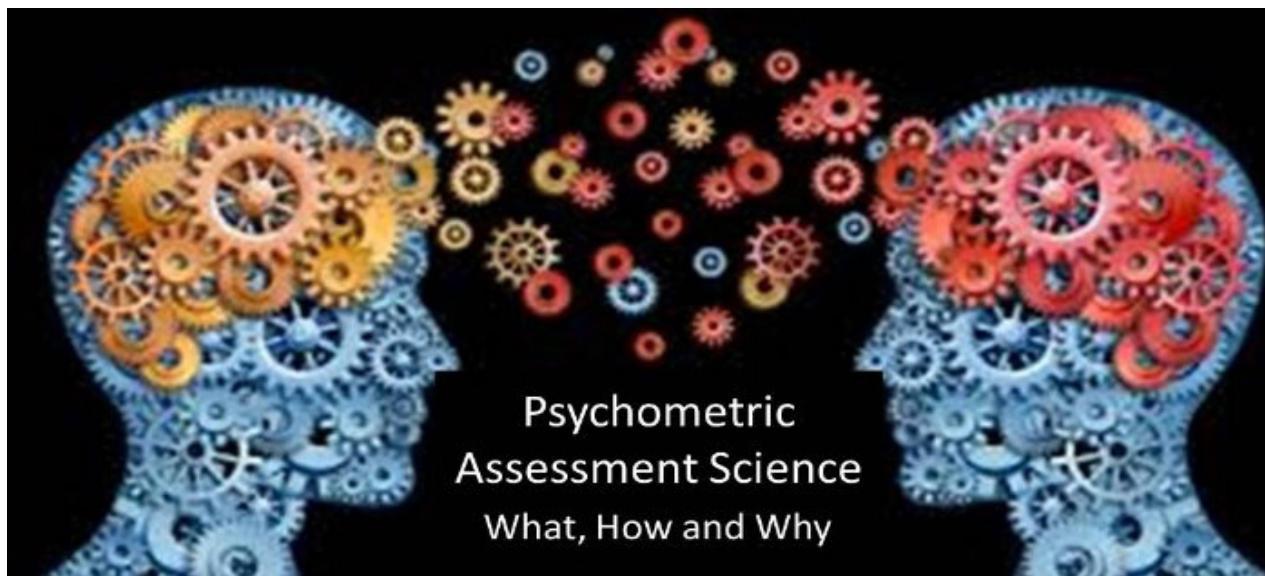

Understanding

Psychological Constructs:

Psychometrics is fundamentally concerned with quantifying psychological constructs, which are abstract attributes or characteristics, such as intelligence, personality, or creativity. To measure these constructs, researchers create assessments, surveys, and tests that generate empirical data, allowing for quantitative analysis.

Psychometric Instruments:

Psychometric instruments are the tools that help measure psychological constructs. These include standardized tests, surveys, and questionnaires. For instance, the Big Five Personality Test assesses personality traits, while the Wechsler Intelligence Scale measures cognitive abilities. These instruments enable the quantification

of complex and abstract human attributes, providing valuable insights into an individual’s psychological profile.

Reliability and Validity:

Two fundamental concepts in psychometrics are reliability and validity. Reliability refers to the consistency and stability of a measurement over time. A reliable test should yield consistent results when administered on different occasions. Validity, on the other hand, pertains to the extent to which a test measures what it claims to measure. In psychometrics, it is essential to ensure that an assessment accurately captures the intended psychological construct.

Applications of Psychometrics:

Psychometrics has a wide range of applications. One of the most well-known applications is in educational and clinical settings. Intelligence tests are used in schools to evaluate students’ aptitudes, and personality assessments aid clinical psychologists in diagnosing and treating mental health conditions. In the workplace, psychometric assessments are used for employee selection and development.

Critiques and Challenges:

Psychometrics is not without its critiques and challenges. Some critics

argue that it oversimplifies complex human attributes by reducing them to numerical scores. Additionally, concerns have been raised about potential cultural biases in standardized tests, as they may not account for diverse backgrounds and experiences.

The Future of Psychometrics:

Advancements in technology have paved the way for innovative approaches to psychometrics. Computerized adaptive testing, for instance, tailors the difficulty of questions based on a test-taker’s responses, providing more accurate and efficient measurements. Machine learning and artificial intelligence are also being incorporated into psychometric analysis, allowing for more nuanced and personalized assessments.

Psychometrics remains a dynamic and evolving field, continually seeking to refine the measurement of human attributes. As our understanding of human behavior deepens, psychometrics plays a crucial role in quantifying and interpreting complex psychological constructs.

Whether in education, clinical psychology, or the workplace, the science of psychometrics offers invaluable tools for comprehending and harnessing the complexities of the human mind.

“The Subtle Art of Not Giving a Fck” by Mark Manson

A Refreshing Take on Personal Growth

THE world of self-help and personal development literature, where positivity and relentless optimism often reign supreme, Mark Manson’s “The Subtle Art of Not Giving a F*ck” stands out as a refreshingly candid and brutally honest guide to living a better life. Published in 2016, this unconventional self-help book has struck a chord with readers around the globe by challenging many prevailing notions about happiness and success.

Manson, a blogger and author, starts by debunking the conventional wisdom that the key to a good life is relentless positivity and an unwavering focus on achieving your dreams. He argues that this relentless pursuit of positivity can often lead to unhappiness and unfulfillment. Instead, he introduces the concept of “The Subtle Art” – the idea that true happiness and personal growth come not from avoiding problems or pain but from embracing them and learning to prioritize what truly matters.

One of the central themes of the book is the idea of “not giving a fck” – a concept that may sound counterintuitive at first. Manson’s point is that we all have a limited number of fcks to give in life, and it’s crucial to choose carefully where to invest our emotional energy. By acknowledging and accepting our limitations and imperfections, we can make more meaningful choices and lead a more satisfying life.

Manson draws upon a wide range of personal experiences, psychology, and philosophy to illustrate his points. He delves into the works of philosophers like Nietzsche and existential psychology to underscore the idea that suffering and challenges are inherent aspects of human existence. Instead of trying to escape these unavoidable aspects of life, Manson encourages readers to confront them head-on and derive meaning from them.

Throughout the book, Manson offers practical advice and thought-provoking anecdotes to help readers reevaluate

their values and priorities. He emphasizes the importance of choosing the right problems to solve, focusing on what truly matters, and being comfortable with life’s inevitable uncertainties and discomforts.

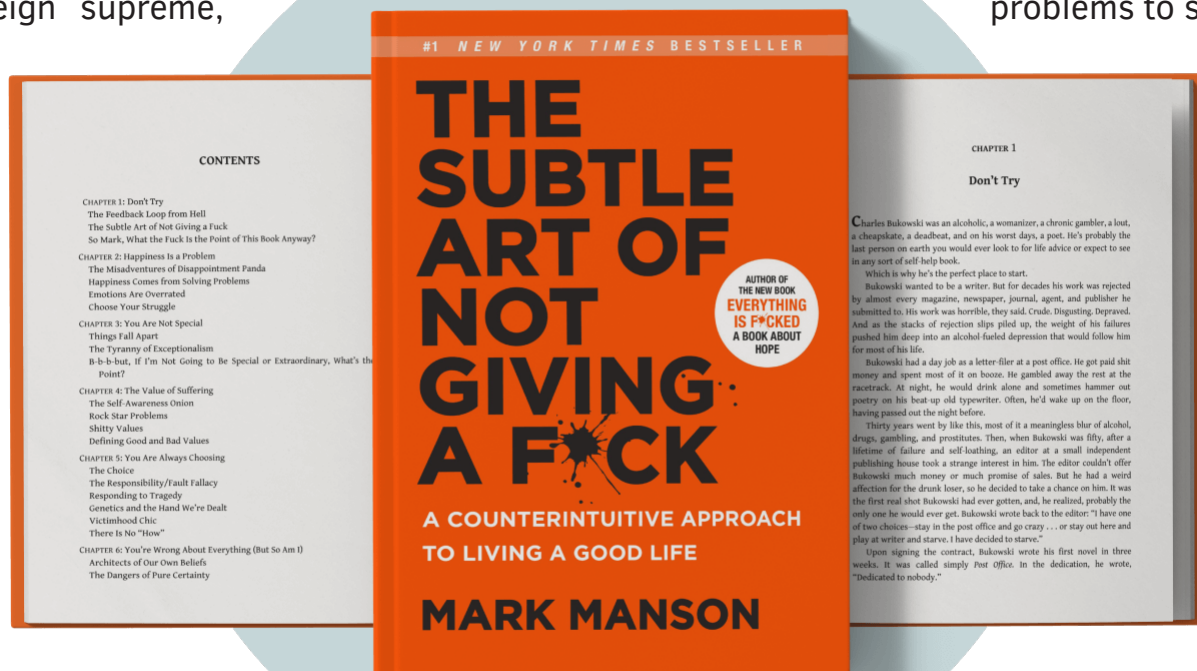

One of the key takeaways from “The Subtle Art of Not Giving a F*ck” is that true self-improvement and personal growth often require

confronting uncomfortable truths and embracing vulnerability. Manson’s approach challenges the typical self-help formula that promises quick fixes and effortless success. He argues that personal development is a messy and ongoing process that involves confronting our own limitations and failures.

The book has resonated with readers because of its authenticity and humor. Manson doesn’t present himself as a guru with all the answers but as someone who has made plenty of mistakes and learned from them. His writing is laced with profanity and humor, which may not appeal to everyone but adds a unique and relatable flavor to his message.

In a world where social media often portrays curated images of idealized lives, “The Subtle Art of Not Giving a Fck” serves as a wake-up call, reminding readers that life is inherently imperfect and that personal growth often comes from embracing that imperfection. It’s a book that encourages readers to reevaluate their values, reassess their priorities, and, in Manson’s words, choose what to give a fck about wisely.

“The Subtle Art of Not Giving a F*ck” challenges the conventional wisdom of the self-help genre and offers a thought-provoking and unconventional approach to personal growth and happiness. Mark Manson’s brutally honest and candid style has made this book a bestseller, striking a chord with readers seeking a more authentic and meaningful path to self-improvement.

“It always seems impossible until it’s done”

THESE words, spoken by the indomitable Nelson Mandela, echo through history as a beacon of hope and a testament to the human spirit’s resilience. In this article, we’ll explore the profound wisdom behind this quote and how it applies to our lives. From personal aspirations to monumental societal change, we’ll uncover the transformative power of perseverance in the face of the impossible.

Breaking Down the Barriers

Throughout history, individuals and societies have faced seemingly insurmountable challenges. From inventors striving to change the world to civil rights leaders fighting for justice, the initial stages of any great endeavor are often met with skepticism. The barriers that stand before us can appear colossal and discouraging. However, it is precisely at this juncture that Mandela’s words resonate the loudest.

The Nature of Impossibility

What makes a task or a dream seem impossible? It’s the uncertainty, the fear of failure, and the overwhelming odds against us that create this perception. But therein lies the paradox: impossibility is often a mirage. In reality, it is a psychological construct, not an objective truth. By viewing challenges as opportunities rather than roadblocks, we can reshape the narrative.

The Journey of Perseverance

At the heart of Mandela’s quote lies the essence of perseverance. To achieve the “impossible,” one must be willing to endure setbacks, embrace discomfort, and maintain unwav-

ering determination. The journey towards the realization of dreams is not linear; it’s a complex web of triumphs and tribulations. Every obstacle is a stepping stone, every failure a lesson learned.

Inspiring Examples

The annals of history are replete with individuals who defied the odds, turning the impossible into the possible. Thomas Edison faced countless failures before inventing the light bulb. Martin Luther King Jr. confronted formidable resistance as he fought for civil rights. These luminaries didn’t let the impossible deter them. They embodied Mandela’s wisdom and showed the world the way forward.

Applying the Wisdom

In our own lives, we can channel the wisdom of these trail-blazers. By setting audacious goals and daring to challenge the status quo, we create opportunities for growth and transformation. Each step we take toward our objectives, no matter how small, chips away at the wall of impossibility.

Nelson Mandela’s words serve as a profound reminder that impossibility is a notion of the mind, not a reality. Achieving the impossible is not about supernatural abilities but about unyielding perseverance.

Whether your dreams are personal or have the power to change the world, remember that, with determination and an unwavering spirit, you can make the impossible possible. So, step boldly into the realm of the impossible, for it is in that space that greatness is born.

Nostalgic Quotes:

A Journey Through Time in Sentimental Sayings

NOSTALGIA is a powerful and universal emotion that often finds its expression in famous quotes and sayings. These phrases have a unique ability to transport us back in time, evoking memories of days gone by, filling us with warmth and sentiment. Here, we delve into some of these famous nostalgic quotes, exploring their meanings and the emotions they stir.

“Those were the days”: This timeless phrase encapsulates the universal longing for a bygone era when life seemed simpler and more carefree. It’s a sentiment that resonates with nearly everyone, as we all share the experience of reminiscing about moments in our lives when worries were few, and happiness seemed abundant.

“Back in my day...”: Often used as the opening to stories told by older generations to the younger ones, this phrase reflects the idea that life was different and, in some ways, better in the past. It serves as a gentle reminder that the speaker’s experiences are valuable life lessons for those who haven’t lived through the same challenges.

“The good old days”: This phrase paints a picture of a time when life felt idyllic, typically referring to one’s own childhood when the world was full of wonder and innocence.

“The good old days” elicits warm and comforting feelings of nostalgia.

“A trip down memory lane”: When someone embarks on a trip down memory lane, they are revisiting their past, recalling moments, places, and people who have significantly shaped their lives. This phrase underscores the idea that revisiting one’s memories can be a gratifying and comforting experience.

“Nostalgia is a file that removes the rough edges from the good old days”: This clever quote by Doug Larson underscores the selective nature of nostalgia. When we reflect on the past, we often remember the positive aspects while glossing over the challenges. Nostalgia acts as a filter that allows us to focus on the fond memories.

Nostalgic quotes serve as a reminder that while we cannot turn back the hands of time, we can cherish the memories and experiences that have shaped us. These sayings bridge generational gaps, connecting people through the shared emotion of nostalgia, and celebrating the beauty of what once was. They are a testament to the enduring power of the past and our human inclination to reflect on it with fondness.

The Dynamics of Criticism: Why It's Easier to Give than Receive

CRITIQUING others, whether it's in professional settings, personal relationships, or casual discussions, often seems more accessible than accepting criticism. This common human tendency is rooted in psychological factors that include the need for control, ego protection, defensiveness, the fear of failure, and self-image preservation. Understanding these dynamics is crucial for fostering open communication, self-improvement, and constructive feedback.

The Psychology of Giving Criticism:

Critiquing others provides a sense of control and mastery over a situation, empowering the critic to influence the narrative. Moreover, it can boost one's ego, creating a momentary feeling of superiority or greater knowledge. It often stems from a desire to help, educate, or offer solutions. Giving criticism can be seen as an act of caring or a means of making things better, thus making it more palatable.

Challenges in Receiving Criticism:

On the flip side, receiving criticism can trigger feelings of vulnerability. It can lead to defensiveness as individuals aim to protect their self-image and preserve their sense of self-worth. Critics often fear that accepting criticism means admitting inadequacy or failure. Furthermore, criticism may threaten one's self-image

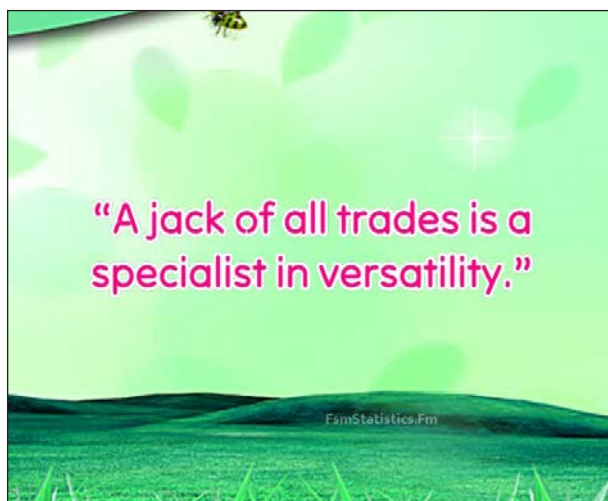

and challenge the perception of being competent or perfect.

Overcoming the Discrepancy:

To bridge the gap between giving and receiving criticism, self-awareness and resilience are key. Developing a growth mindset, viewing criticism as an opportunity for improvement rather than a personal attack, is essential. Shifting the perspective from criticism as judgment to criticism as a chance for growth can make accepting feedback more manageable. This reframing enables individuals to embrace criticism as a tool for personal and professional development.

The dynamics of criticism—easier to give than receive—reveal important insights into human behavior. By understanding the underlying psychological factors, individuals can work on becoming more open to receiving criticism, which, in turn, fosters better communication, growth, and stronger relationships. Recognizing that constructive criticism is not an attack but a means of improvement can lead to personal and professional development.

The Art of Versatility: Being a Jack of All Trades

THE saying “jack of all trades and master of none” has been a part of our lexicon for centuries. It's a phrase that describes individuals who possess a broad range of skills and knowledge across various fields but may not be experts in any one of them. While this idiom can sometimes carry a negative connotation, there is a lot to be said for being a generalist. In a world that values specialization, the ability to adapt, learn, and excel in diverse areas can be a

valuable asset.

The Power of Versatility

Adaptability: Jacks of all trades are known for their adaptability. They can switch gears quickly, making them assets in a rapidly changing world. They thrive in varied environments and can handle different tasks with ease.

Problem Solving: Versatility often leads to excellent problem-solving skills. A generalist has encountered and resolved various issues in different fields, making them adept at finding creative solutions.

Learning Agility: Jacks of all trades are continual learners. They embrace new challenges and see them as opportunities for growth. Their ability to acquire new knowledge and skills is a testament to their adaptability.

Balancing Act

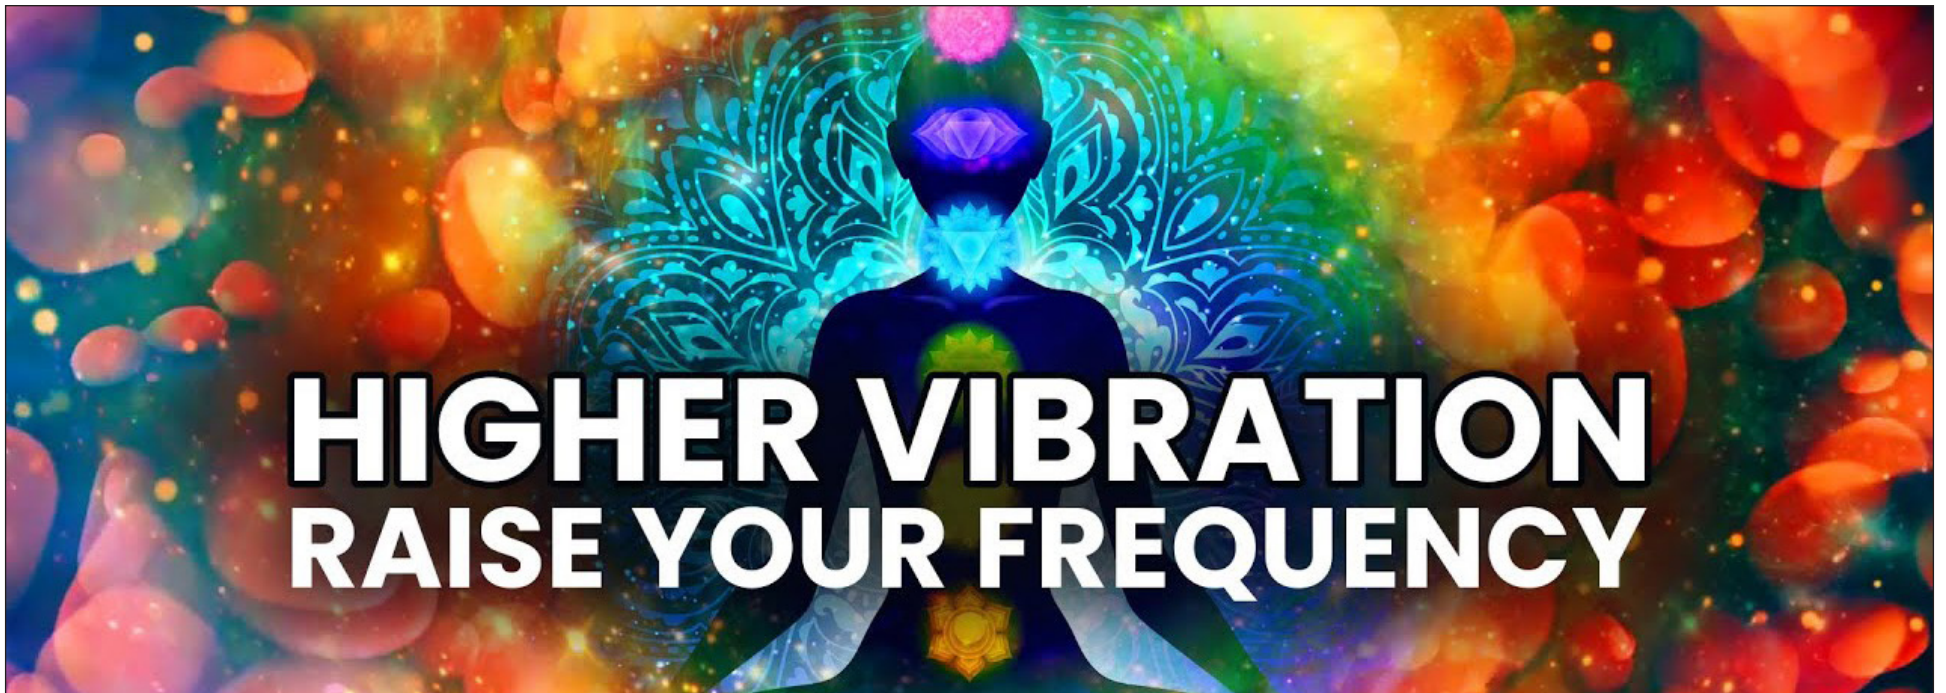

Time Management: A broad range of skills

requires effective time management. Jacks of all trades must allocate their time wisely to maintain proficiency across their areas of expertise.

Avoiding Burnout: With versatility comes the potential for taking on too much. Avoiding burnout is essential, and generalists must recognize their limits.

While being a “jack of all trades and master of none” may not lead to expertise in a single field, it offers versatility and adaptability that can be invaluable. This trait is not a sign of weakness but a testament to one's ability to learn, adapt, and thrive in diverse environments. In a world that continually evolves, having a generalist's skill set can be a unique and valuable asset. So, whether you are a specialist or a generalist, remember that there is a place for both in our complex and ever-changing world.

Raising Your Vibrational Frequency

THE quest for personal growth and spiritual evolution, one often encounters the concept of vibrational frequency. This notion suggests that each of us vibrates at a particular energy level, and this vibration has a profound impact on our lives. The higher our vibrational frequency, the more aligned we are with our true selves and the greater our capacity to attract positive experiences. In this article, we'll explore the concept of raising one's vibrational frequency and the methods to achieve it.

Understanding Vibrational Frequency

Everything in the universe, including us, vibrates at a specific frequency. This energy can be influenced by our thoughts, emotions, actions, and the environment we surround ourselves with. When our vibrational frequency is high, we tend to experience joy, love, and abundance. Conversely, a low vibrational frequency can lead to negative emotions, illness, and feelings of stagnation.

Methods for Raising Your Vibrational Frequency

Positive Thinking: The Power of Mindset

Positive thinking is a cornerstone of raising your vibrational frequency. Cultivating a mindset that focuses on optimism and gratitude can transform your energy. Start your day with affirmations, practice mindfulness, and avoid negative self-talk. When you choose positive thoughts, you elevate your vibration.

Holistic Health: The Body-Mind Connection

A healthy lifestyle plays a pivotal role in raising your vibrational frequency. Nourishing your body with nutritious foods, staying hydrated, and engaging in regular exercise promote overall well-being. When you treat your body with care, you create a harmonious connection between your physical and energetic self.

Meditation and Mindfulness: The Art of Presence

Meditation and mindfulness are powerful tools for raising your vibrational frequency. They allow you to be fully present, reduce stress, and connect with your inner self. As you practice these techniques, you elevate your consciousness and vibrational energy.

Compassion and Kindness: The Energy of Love

Acts of compassion and kindness are like energetic boosters. When you show love and generosity to others, you raise your own vibrational frequency. Be it through volunteering, helping a friend in need, or simply smiling at a stranger, your actions ripple through the universe.

Connection with Nature: Grounding and Rejuvenation

Spending time in nature is a direct path to raising your vibrational frequency. Nature's healing energy recalibrates your own. Take a walk in the woods, sit by the ocean, or simply tend to your garden. The earth's energy will resonate with yours, raising your vibrational frequency.

The Transformation Begins

Raising your vibrational frequency is a transformative journey that starts from within. The methods mentioned above are not isolated actions but interconnected practices that encompass your entire being. By nurturing a positive mindset, caring for your body, embracing mindfulness, spreading love and kindness, and connecting with the natural world, you'll set your energetic self on an ascending path.

The quest to raise your vibrational frequency is a voyage of self-discovery and growth. It's a journey where you learn to harness the power of your thoughts and actions to elevate your energy. By following the practices outlined here, you can awaken your true potential and attract a life of fulfillment and positivity. So, why wait? Start your journey to a higher vibrational frequency today.

What Not to Do When Facing Mental Health Issues

DEALING with mental health challenges can be an arduous journey, and knowing what not to do can be as essential as knowing what to do. Here, we'll explore some common pitfalls to avoid when you're navigating mental health issues to ensure you're taking the best possible care of yourself.

Isolation: One of the most significant mistakes when facing mental health challenges is isolating yourself from your support network. Avoid withdrawing from friends and family. Instead, try to maintain connections and reach out to loved ones for help.

Ignoring Symptoms: Ignoring or downplaying your symptoms is counterproductive. Pretending everything is fine when it's not can lead to more significant issues down the road. Be honest with yourself and acknowledge what you're experiencing.

Self-Medicating: Turning to drugs or alcohol as a way to self-medicate can exacerbate mental health issues and lead to addiction. Avoid using substances as a coping mechanism and seek healthier ways to manage your emotions.

Avoiding Professional Help: Many people delay or avoid seeking professional help due to stigma or fear. Mental health professionals are trained to provide effective treatment and support. Not seeking their guidance when necessary can hinder your recovery.

Ruminating on Negative Thoughts: Dwelling on negative thoughts and self-criticism can intensify mental health issues. Instead, try to challenge and reframe negative thought patterns or seek the help of a therapist to assist with this process.

Neglecting Self-Care: Neglecting self-care activities, such as exercise, a balanced diet, and adequate sleep, can worsen mental health symptoms. Prioritize self-care to support your overall well-being.

Avoiding Physical Activity: Physical activity has been shown to have a positive impact on mental health. Avoiding exercise can contribute to a sense of lethargy and worsen feelings of anxiety or depression.

Being Overly Self-Critical: It's easy to be harsh on yourself when facing mental health challenges. Remember that healing is a process, and setbacks are normal. Avoid self-criticism and practice self-compassion.

Not Setting Boundaries: Failing to set boundaries in your personal and professional life can lead to increased stress and anxiety. Learning to say no and setting limits is essential for maintaining good mental health.

Minimizing Your Feelings: Don't belittle your emotions or compare your struggles to others. Each person's mental health journey is unique, and your feelings are valid. Avoid minimizing your

experiences.

Neglecting a Support System: Not having a support system in place can make the journey through mental health issues more challenging. Seek out support groups, friends, and family members who can empathize with your experiences.

Rushing Recovery: Healing from mental health challenges is a process that takes time. Avoid the urge to rush recovery. Patience is key to achieving long-lasting improvement.

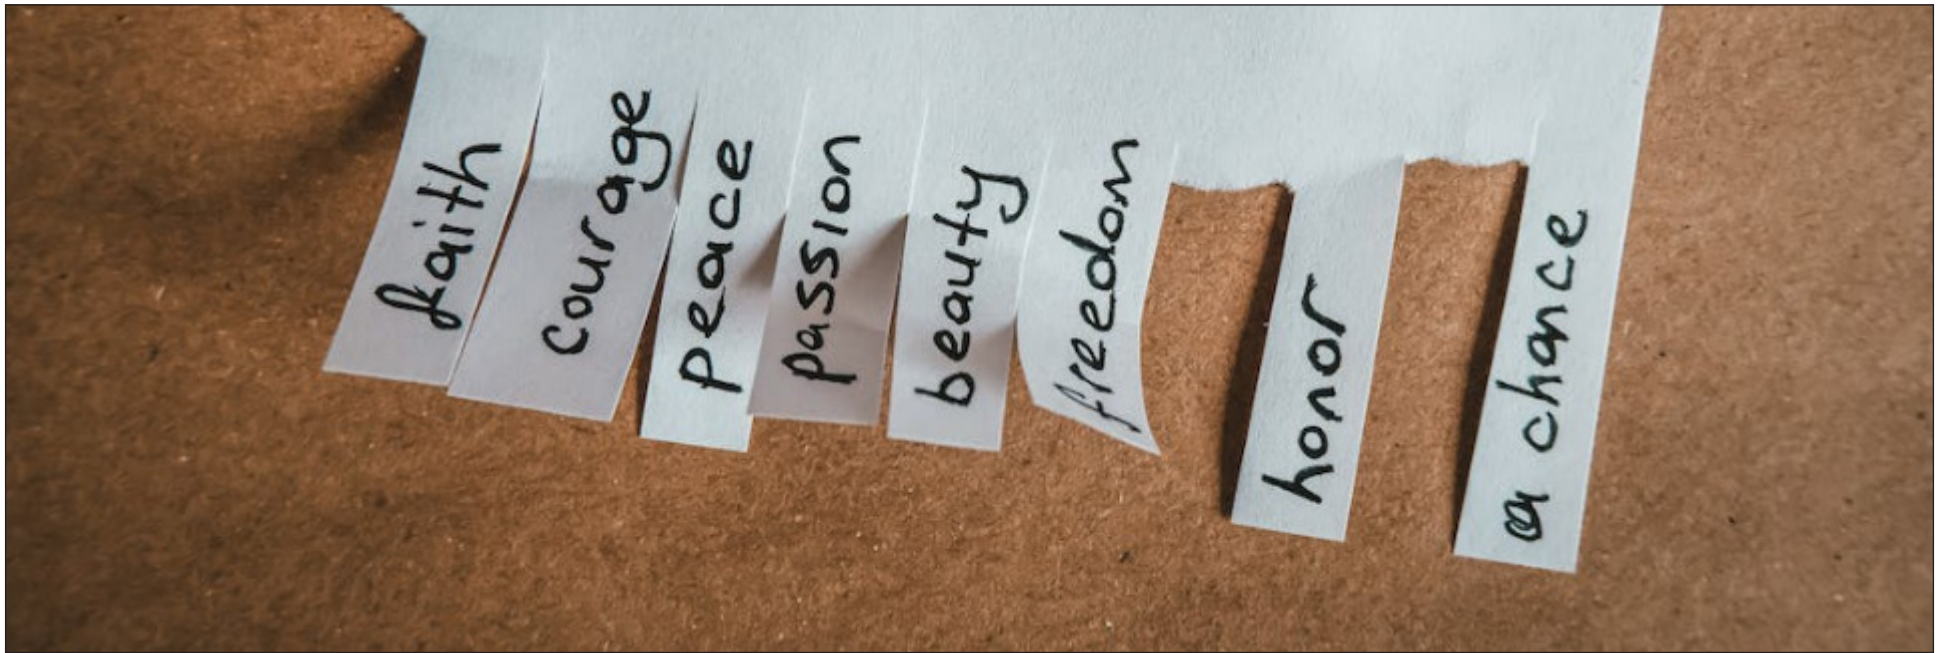

Self-Diagnosing: Attempting to self-diagnose without consulting a mental health professional can lead to inaccuracies and inadequate treatment. Avoid relying solely on internet research or self-diagnosis.

Navigating mental health issues is a complex and often lengthy process. By avoiding these pitfalls and seeking help when needed, you can improve your chances of achieving and maintaining good mental health.

Remember that you're not alone in this journey, and there is support available to help you along the way.

The Timeless Virtues:

5 Essentials of a Good Person

AN ever-changing world, the essence of being a good person remains steadfast. The ideals of honor, integrity, care, passion, courage, and strength continue to define what it means to be a good person. These virtues are not just mere traits; they are the very essence of goodness, forming the foundation upon which individuals can build a life of meaning and purpose. Let's explore these five essentials that every good person should strive to embody.

Integrity: Integrity is the bedrock of a good person's character. It means being honest and consistent in your actions, even when no one is watching. It involves living by a strong moral code, standing up for what is right, and taking responsibility for your choices. A good person with integrity gains the trust and respect of those around them, making a positive impact on their community and the world.

Care: Genuine care is a hallmark of true goodness. It's not limited to caring for oneself but extends to looking out for the welfare of others. A good person shows empathy, compassion, and kindness. They support their loved ones through their struggles and celebrate their successes. Care is the foundation of strong relationships and a nurturing family.

Passion: Passion is the driving force behind meaningful achievements. A passionate person is someone who pursues their dreams with fervor and enthusiasm. They find purpose in their endeavors and inspire others with their dedication. Passion fuels creativity, innovation, and a commitment to continuous self-improvement.

Courage: Courage is not the absence of fear but the ability to confront it head-on. A good person faces challenges with resilience, understanding that obstacles are opportunities

for growth. They stand up for what they believe in, even in the face of adversity. Courage allows individuals to break free from limiting beliefs and redefine their own limits.

Strength: Strength encompasses both physical and emotional resilience. While physical strength is about taking care of one's body and health, emotional strength is about dealing with life's inevitable setbacks and disappointments. A good person can express vulnerability without shame, seeking support when needed. They remain steadfast in the face of life's ups and downs.

These five essentials are not a rigid template but a guiding framework for individuals to cultivate the virtues that make them better human beings, partners, and leaders. In a world that constantly evolves, these timeless qualities stand the test of time, shaping good people into forces for good and positive change.

Embracing these essentials of goodness not only transforms the life of the individual but also has a ripple effect on society. Good people who embody these virtues become pillars of their communities, instilling values in the next generation and shaping a world that reveres honor, integrity, care, passion, courage, and strength.

These five essentials are not confined to a particular era or generation. They are timeless, universal qualities that empower good individuals to make a difference in their lives and the lives of those around them.

By embracing these virtues, good people can be the change they want to see in the world, leaving a legacy of honor, respect, and positive influence.

A Glimpse into Simpler Times

A Life with Three TV Channels, No Cable, No Internet, and No Cell Phones

PICTURE a world where you wake up to the gentle hum of nature, rather than the buzzing of notifications on your smartphone. You rise from bed, but instead of scrolling through the latest news on your tablet, you prepare for the day ahead.

There's no high-speed internet to connect you to the digital universe, and your pocket isn't weighed down by a smartphone. In this imagined life, you have three TV channels at your disposal, and the concept of cable TV is yet to emerge. Welcome to a simpler time, devoid of the distractions and connectivity we've grown so accustomed to in the 21st century.

In this quaint world, television is a focal point of daily life, but your choices are limited. You have three main TV channels, and your options for entertainment are determined by their schedules.

The remote control hasn't been invented yet, so you must get up to change the channel manually. Each channel airs a mix of programs, ranging from news and talk shows to dramas, comedies, and documentaries. Family gatherings often revolve around the TV set, with everyone huddled together to enjoy the evening's programming.

Without the internet, research and communication rely on traditional methods. The local library is your go-to place for information, and you often find yourself flipping through encyclopedias and reference books. Communication happens through landline phones or face-to-face conversations. Receiving a letter or postcard in the mail is a delightful event, and you eagerly anticipate each new message.

Your lifestyle is more rooted in the physical world. You spend more time outdoors, appreciating the beauty of nature and the simplicity of life. There's no need to constantly check your phone or respond to emails, allowing you to be fully present in the moment.

The absence of the digital noise and social media pressure

means you connect with people on a deeper level, savoring the joy of face-to-face interactions.

This imagined life may seem like a distant memory for some and a world unknown to others. While modern technology has brought countless conveniences and opportunities, it has also changed the way we live, connect, and interact.

Sometimes, taking a step back to appreciate the simplicity of a life with fewer distractions can be a nostalgic journey worth considering in our fast-paced, digitally-driven world.

The right smartphone displays a Netflix cover for 'THE WITCHER' with the tagline 'DESTINY IS A BEAST'.

Elevate Your Style: 5 Essential Accessories Every Modern Man Should Embrace

THE ever-evolving world of fashion, men have endless opportunities to establish themselves as true style connoisseurs. Beyond a dapper suit or trendy sneakers, the defining elements of a modern man's ensemble are the accessories that speak volumes without uttering a word. Let's delve into the five quintessential accessories that no fashion-forward man should be without, each contributing to a powerful style statement.

Sunglasses:

More than just UV protection, sunglasses epitomize suave sophistication. The right pair instantly amplifies your entire look. Whether it's the timeless allure of aviators, the daring charm of wayfarers, or the contemporary appeal of round frames, sunglasses exude an aura of mystique. They're your trusty companions whether you're strolling the city streets, lounging seaside, or making an entrance at a black-tie gala.

A Fine Watch:

A watch is more than a timekeeping device; it's a testament to your style and discernment. A distinguished timepiece complements your ensemble while revealing your keen eye for detail. Whether you favor the classic charm of an analog watch or the tech-savvy allure of a smartwatch, your wrist-wear symbolizes your personality and values.

The Impeccable Wallet:

Beyond its utilitarian role, your wallet mirrors your style. Opt for a meticulously crafted, minimalist design that aligns with your appreciation for quality and aesthetics. The material, be it genuine leather or a modern fabric, should match your personality while adding a touch of refinement to your

everyday routine.

Signature Cologne:

Our sense of smell is a powerful memory trigger, and a distinct fragrance leaves a lasting mark. A fine cologne is the crescendo of your attire, enhancing your overall charm. Select a scent that resonates with your character and harmonizes with your fashion sense. Remember, a well-chosen fragrance is the invisible accessory that leaves an indelible impression.

The Striking Necklace:

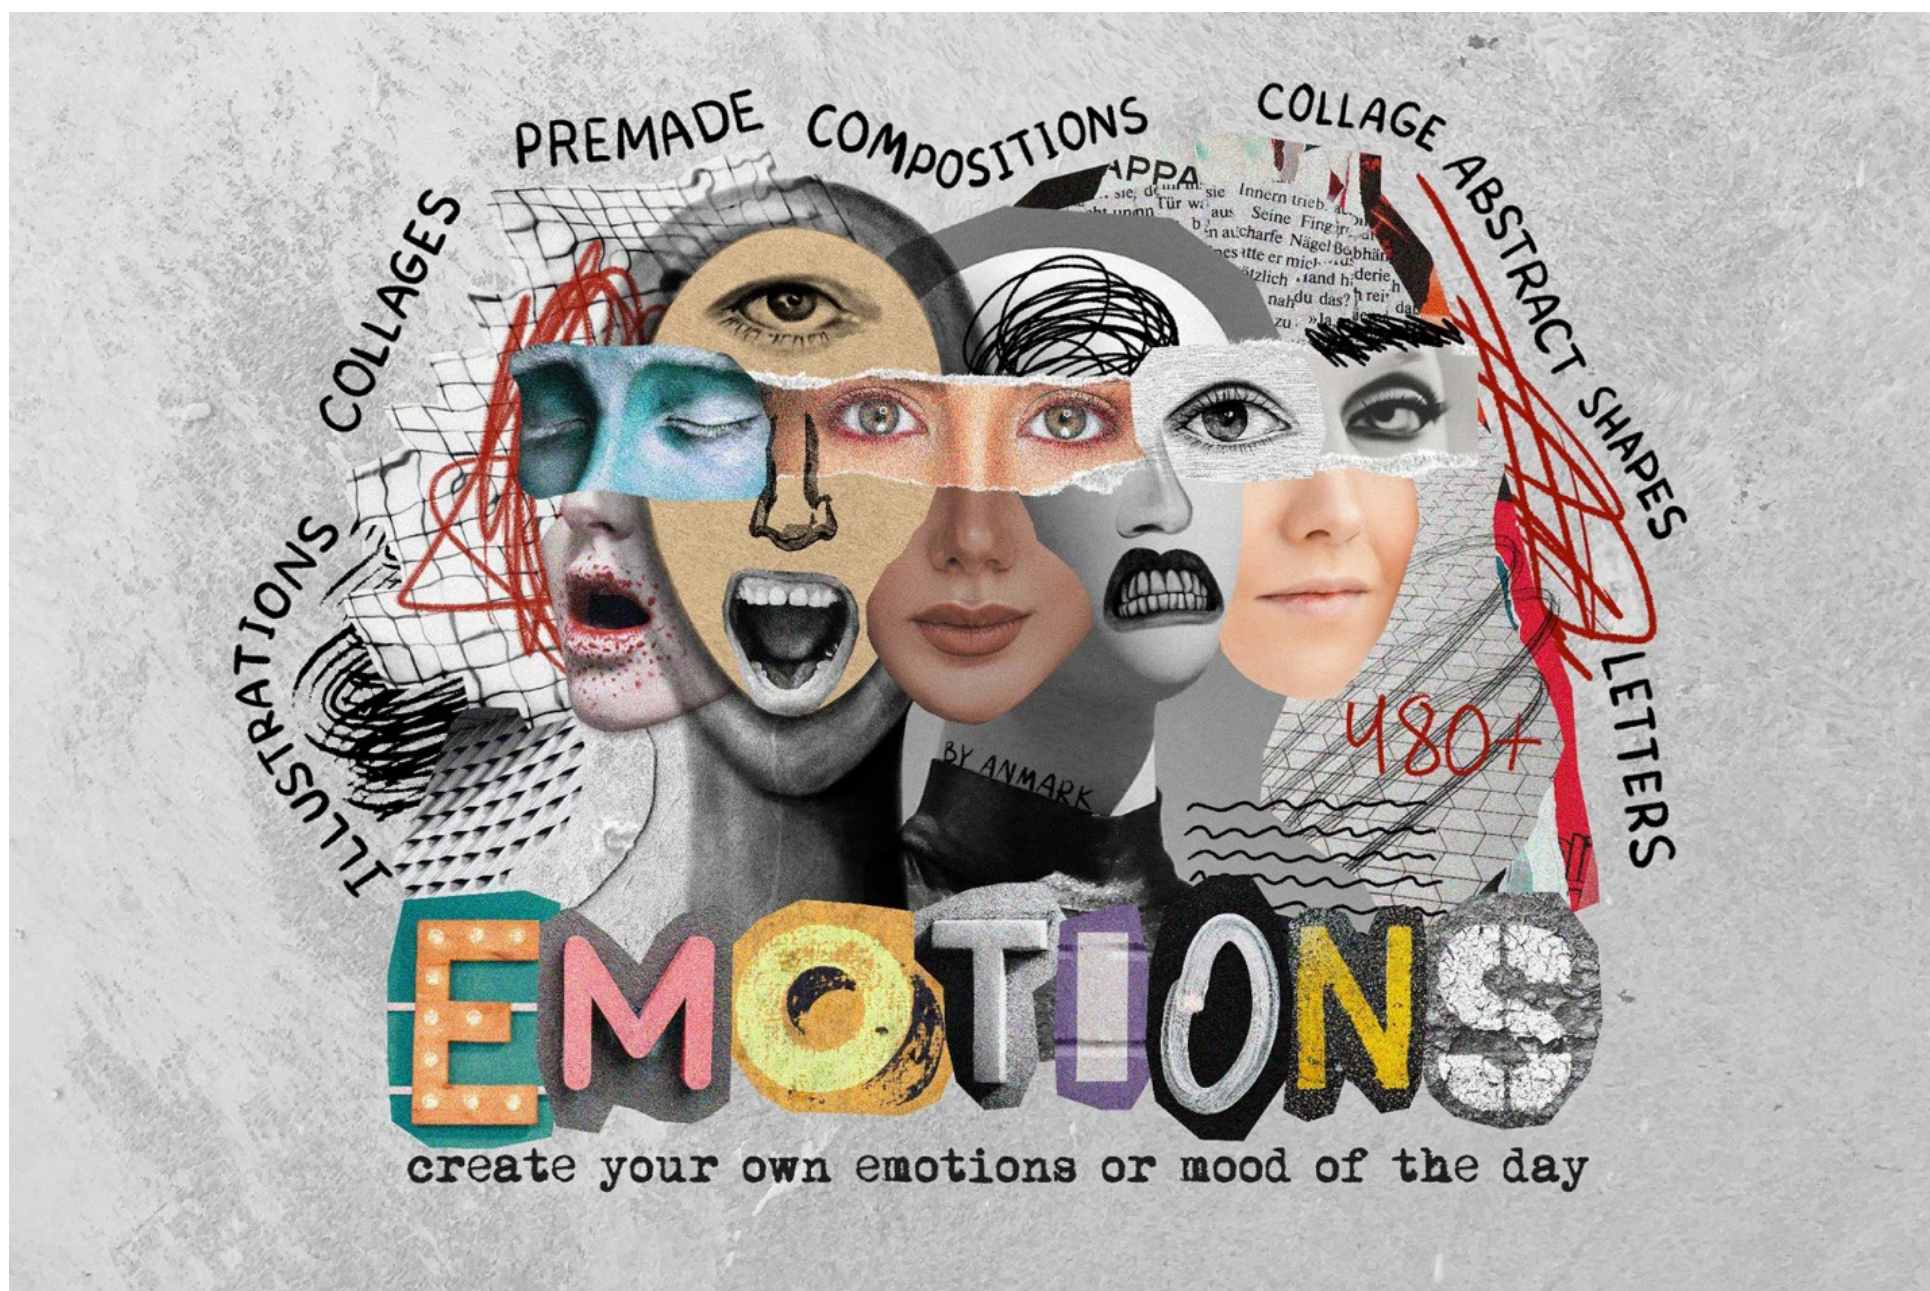

For those who appreciate the allure of jewelry, a tasteful necklace can be the pièce de résistance. It may manifest as a simple chain adorned with a pendant of significance or a bold, eye-catching piece that adds a distinctive touch to your ensemble. Necklaces are versatile accessories that suit a range of occasions, from casual gatherings to elegant soirées.

In a world where personal style is a language unto itself, these five accessories serve as the foundational pillars of a modern man's fashion repertoire.

They aren't just embellishments; they're the essence of your style, your signature, your identity. Whether you're stepping into the office, meeting friends for brunch, or attending a high-profile event, these accessories not only complement your look but also communicate your knack for detail, your flair for individuality, and your reverence for excellence. Choose them prudently, don them confidently, and watch as your fashion-forward persona takes center stage.

The Creative Fuel:

How Emotions and Moods Inspire Artists and Creators

EMOTIONS and moods, those intangible facets of human experience, are profound sources of inspiration for artists and creators across various domains. From the vivid strokes of a painter's canvas to the emotive verses of a poet's pen, emotions are a driving force behind creative endeavors. In this article, we explore how emotions and moods serve as the heartbeat of artistic expression, offering a deep dive into their influence across different creative disciplines.

The Painter's Palette of Emotions:

Visual artists employ a spectrum of emotions to convey their innermost feelings on canvas. Each brushstroke, color choice, and theme selected is a direct reflection of their emotional state. Whether it's the passionate reds, tranquil blues, or melancholic grays, artists transform their feelings into tangible art forms.

The Prose of the Heart:

Writers, poets, and novelists are unapologetically candid about the role emotions play in their craft. Love, anger, sorrow, and joy transmute into words, allowing readers to experience the writer's emotional journey through prose

and poetry. Literature, at its core, is an exploration of human emotions.

Harmonious Melodies:

Musicians harness emotions to compose melodies that touch the soul. The synergy between notes and lyrics translates emotional experiences into music that resonates deeply with audiences. From heart-wrenching ballads to upbeat anthems, every musical creation carries an emotional fingerprint.

Across artistic domains such as literature, painting, music, theater, dance, and culinary arts, emotions and moods emerge as the quintessential driving force behind creative expression. Creators channel their innermost feelings, capturing and evoking emotions in their audiences.

The ability to tap into the depths of human sentiment is what makes art and creativity an enduring and universal phenomenon. As we explore the myriad forms of human expression, we uncover a profound and ongoing connection to the rich tapestry of emotions that define us.
